ACKNOWLEDGEMENTS

I have deep sense of gratitude for my supervisor, Dr. H.S.A. Yahya for inspiring and encouraging at each and every step of my work. I am also grateful to the ex-chairman, Prof. A.H. Musavi and the present chairman, Dr. A.R. Rahmani, Centre of Wildlife & Ornithology, A.M.U., Aligarh, for helping and providing me the necessary facilities.

Sincere thanks to Prof. Wazahat Husain for helping me in identification of flora of the study area, to Dr. Gauhar Rizwi for helping me understand statistics and to Mr. Ashfaque for analyzing some of my data.

I am thankful to Dr. Rahul Kaul, WPA-India and Dr. Philip McGowann, The Open University, U.K. for providing me important references on pheasants and also for giving useful suggestions.

Ms. Azra Musavi, Mr. Satish Kumar and Ms. Fahmeeda Hanfee helped me in reference collection. Discussions with Mr. Rashid Raza were very helpful. I thank them all for their cooperation. Thanks to Dr. J.A. Khan for helping me at the initial stage of my study. Thanks are also due to Mr. Iqbal Imam and to Mr. Zafar for their kind cooperation.

Special thanks to Mrs. Nasreen Husain for her cooperation and helpful support throughout my work.
I sincerely thank Prof. Ekram Husain, Director, Computer Centre for providing me computer facilities. I am also thankful to Mr. Saxena, Mr. Afzal and all the staff members of Computer Centre for helping me in the typing of the thesis.

I owe a lot to my parents, husband and maternal uncle and aunty, who were a constant source of inspiration and provided me tremendous moral support all through my work. I have no words to thank them.

Lastly, I must thank all the gardeners at Aligarh Fort for extending their help whenever required.
