# CONTENTS

## CHAPTERS PAGE NO

1. Introduction .................................... 1.1-1.6
2. Review of literature .......................... 2.1-2.52
3. Scope of Investigation ....................... 3.1
4. Methods and Materials ....................... 4.1-4.25
   4.1 Survey methods .......................... 4.1
      4.1.1 Selection of families ............ 4.3
      4.1.2 Tool used for collecting data .. 4.3
      4.1.3 Statistical analysis ............ 4.3
   4.2 Preparatory methods ................. 4.5
      4.2.1 Selection of raw materials for handwa 4.5
      4.2.2 Grinding of ingredients for handwa mix 4.6
      4.2.3 Germination of pulses .......... 4.6
      4.2.4 Preparation of batter .......... 4.7
      4.2.5 Cultivation of natural culture ... 4.7
      4.2.6 Use of baking ovens .......... 4.8
         4.2.6.1 Handwa oven ............ 4.8
         4.2.6.2 Sand bath .............. 4.8
         4.2.6.3 Solar cooker .......... 4.12
         4.2.6.4 Microwave oven ......... 4.12
   4.3 Analytical Methods .................. 4.13
      4.3.1 Sensory methods .............. 4.13
         4.3.1.1 Selection of judges .. 4.13
         4.3.1.2 Development of score card 4.13
         4.3.1.3 Sample preparation for sensory evaluation 4.14
         4.3.1.4 Data analysis .......... 4.14
      4.3.2 Physical & Chemical Analysis .... 4.14
         4.3.2.1 Volume measurement of the product 4.16
         4.3.2.2 Specific volume measurement 4.16
         4.3.2.3 pH measurement ........ 4.18
         4.3.2.4 Proteins estimation ... 4.18
         4.3.2.5 Fat .................. 4.17
| 4.3.2.7 | Total Ash | 4.18 |
| 4.3.2.8 | Fiber | 4.18 |
| 4.3.2.9 | Moisture | 4.19 |
| 4.3.2.10 | Carbohydrates | 4.20 |
| 4.3.2.11 | Peroxide value | 4.20 |
| 4.3.2.12 | Free Fatty acid | 4.20 |
| 4.3.2.13 | Titrable acidity | 4.21 |

4.3.3 Microbiological Analysis | 4.21 |
| 4.3.3.1 | Preparation of dilution blank | 4.22 |
| 4.3.3.2 | Sampling of handwa | 4.22 |
| 4.3.3.3 | Total plate count | 4.22 |
| 4.3.3.4 | Yeast and mold count | 4.23 |
| 4.3.3.5 | Coliform count | 4.23 |
| 4.3.3.6 | Psychrophillic count | 4.23 |
| 4.3.3.7 | Aerobic spore count | 4.23 |

4.4 Preparation of nutritionally balanced handwa formulations | 4.24 |

5. Results | 5.1-5.128 |
| 5.1 Handwa production and consumption practices of Gujarati families | 5.1 |
| 5.1.1 Handwa consumption practices | 5.2 |
| 5.1.1.1 Frequency of handwa consumption | 5.2 |
| 5.1.1.2 Consumption of handwa as major/minor meal | 4 |
| 5.1.1.3 Temperature preferences for handwa | 5.4 |
| 5.1.1.4 Items taken along with handwa | 5.4 |
| 5.1.2 Handwa making and storage practices | 5.5 |
| 5.1.2.1 Use of purchased and home made handwa mixes | 5.5 |
| 5.1.2.2 Composition of home made mixes | 5.6 |
| 5.1.2.3 Fermentation practices of handwa batter | 5.9 |
| 5.1.2.3.1 Ingredients added to mix before fermentation | 5.9 |
| 5.1.2.3.2 Fermentation period of handwa batter | 5.11 |
| 5.1.2.3.3 Care taken during winters for fermentation | 5.11 |
| 5.1.2.4 Addition of sugar, oil and vegetables | 5.12 |
| 5.1.2.5 Baking practices of handwa | 5.15 |
| 5.1.2.6 Storage of left-over handwa | 5.17 |
| 5.1.3 Quality attributes of good handwa | 5.19 |
| 5.1.3.1 Textural & flavour preferences for handwa | 5.20 |
| 5.1.3.2 Choice of other flavours | 5.20 |
| 5.1.3.3 Preference of purchasing handwa from food establishments | 5.20 |
5.1.4 Broad conclusion

5.2 Standardization of handwa making technology and its characterization

5.2.1 Standardization of handwa making technology

5.2.1.1 Use of parboiled rice verses ordinary rice

5.2.1.2 Baking conditions

5.2.1.1.1 Baking in handwa oven

5.2.1.1.2 Baking in sandbath

5.2.1.1.3 Quality of handwas baked in handwa oven and sandbath

5.2.1.2 Effect of mix Particle size on handwa quality

5.2.1.2.1 Effect of grinding on the size distribution of grain flours

5.2.1.2.2 Effect of fractionation and particle size classification on handwa quality

5.2.1.2.3 Effect of mix composition on handwa quality

5.2.1.3 Effect of batter moisture levels on handwa quality

5.2.1.4 Effect of fermentation period on handwa quality

5.2.2 Gross composition, sensory qualities and shelf-life of standard handwa

5.2.2.1 Gross composition of standard handwa

5.2.2.2 Sensory, physicochemical and microbial qualities of handwa during storage

5.2.2.2.1 Effect of refrigerated storage on handwa quality

5.2.2.2.2 Effect of room temperature storage on handwa quality

5.2.2.2.3 Effect on microbial quality at (a) refrigerated temperature (b) room temperature

5.2.3 Broad conclusions

5.3 Technological modifications in handwa preparation
5.3.1 Substitution of rice with wheat and millets 5.60
5.3.2 Substitution of red gram and bengal gram dals with other pulses 5.70
5.3.3 Effect of using germinated pulses on handwa quality 5.77
5.3.4.1 Use of vegetables in handwa preparation 5.79
5.3.4.2 Effect of different treatments given to the vegetables on handwa quality 5.83
5.3.5 Effect of microwave and solar baking on handwa quality 5.86
5.3.6 Effect of steaming cum baking on handwa quality 5.88
5.3.7 Developing of Ready-to-Bake handwa mixes 5.92
5.3.7.1 Studies on addition of acidulants 5.92
5.3.7.2 Developing means of incorporating baking powder in mix containing fresh green spices and vegetables 5.94
5.3.7.3 Shelf-life studies on ready-to-bake mixes 5.98
5.3.7.3.1 Effect on chemical parameters 5.99
(a) Effect on moisture content 5.99
(b) Effect on free fatty acid content 5.101
(c) Effect on peroxide value 5.101
5.3.7.3.2 Effect on sensory qualities and specific volume of handwas prepared from R-B mixes 5.102
5.3.7.3.3 Effect of microbial qualities of mixes at the end of 1 year storage period 5.106
5.4 Preparation of nutritionally balanced handwa 5.109
5.4.1 Modifying the standard handwa mix to suit the nutritional need for various population groups 5.109
5.4.2 Effect of mix modifications on sensory qualities of handwa 5.113
5.4.3 Improving the sensory qualities of balanced handwa mixes by further modifications 5.116
6. Discussion .. .. .. .. .. .. 6.1-6.9
7. Summary and conclusions .... 7.1-7.6
8. Bibliography .... 8.1-8.11
9. Appendix .... 9.1-9.34
