ACKNOWLEDGEMENTS

I wish to take this opportunity to express my sincere and deepest sense of gratitude to my Guide Prof. S. A. Kanitkar, Professor and Head, department of electrical engineering, faculty of technology and engineering, M.S.University Baroda, for her continuous interest, encouragement, support and invaluable guidance throughout the work. The thesis in its present form is the result of the inspiration and enthusiasm instilled in me, by her.

I am also grateful to Dr. Anurag Shyam, Scientist-SG, Pulse Power Lab, Institute for Plasma Research Gandhinagar for their guidance and prompt help during the various phases of the work.

I would like to thanks R. M. Patel, Research Scholar Indian Institute of Technology, Roorkee and Dr. B.R.Bhalja, Assistant Professor, Electrical Engineering department, A.D.I.T., V.V.Nagar for their guidance and prompt help during the various phases of the work.

I would like to thanks Viral Drives Pvt. Ltd., Powercon Engg. Pvt. Ltd. and Imec Microsystems Pvt. Ltd. for providing a friendly environment source of education.

I extend my sincere gratitude and acknowledgements to all the researchers who contributed invaluably in the area of my work.

I am very much thankful to all the faculty members of the department of electrical engineering, Faculty of Technology and Engineering, M.S.University, Baroda, for their continuous inspiration and key suggestions during the various stages of the work progress presentations.

I am very thankful to my parents, my wife and my daughter, for their encouragement and support throughout the study.

R.B.Jadeja
