Dear Student:

You know me well, for I had been to you last year in order to get your views on a questionnaire. The information that was provided by you proved very useful to me. Now you are being asked about your problems and difficulties at school.

A list of the problems and difficulties, which are faced by several students of your age, is being given below. They have actually been gathered from the students of your age. Which of these difficulties or problems bother you at school? Put a tick mark ( ) before those problems which are being personally experienced by you.

All this work will certainly enable me to help the student-community. Answer them without hesitation. Nobody else, except the investigator will see your individual answers.

Yours,

Nirmal Kumar Bhagia
Lecturer,
Shri Mahesh Teachers College,
JODHPUR.
ABOUT STUDIES

(1) Studies are uninteresting.
(2) Some of the subjects are not of my liking.
(3) The number of the subjects is sufficiently large.
