LIST OF TABLES

Table 3.1 : Number of Secondary Schools in Baroda District. 77
Table 3.2 : Distribution of Sample of Students over Gender and Location of Schools. 78
Table 3.3 : Distribution of Sample of Students of Rural Schools. 79
Table 3.4 : Distribution of Sample of Students of Urban Schools. 81
Table 3.5 : Distribution of statements on the tryout form of the scientific attitude scale. 105
Table 3.6 : Distribution of the Statements according to the component and polarity. 106
Table 3.7 : Description of sample of students considered in selection of statements on scientific attitude scale. 113
Table 3.8 : The Mean, Sd and 't' values of ninety statements. 119
Table 3.9 : Distribution of statements on the final form of the scientific attitude scale. 125
Table 3.10: Distribution of coefficient of correlation within components of the scientific attitude scale.

Table 3.11: Distribution of statements of the scientific attitude scale into two halves.

Table 3.12: Mean, Standard Deviation, Skewness, Kurtosis and Percentiles of Scientific Attitude Score of the Students.

Table 4.1: Mean, Standard Deviation, Skewness, Kurtosis and Percentiles of Scientific Attitude Score of the Students.

Table 4.2: Coefficient of correlation of Scientific Attitude with SES, Achievement in Science and General Achievement of students.

Table 4.3: The Mean, SD and t-value of Scientific Attitude of Boys and Girls.

Table 4.4: The Mean, SD and t-value of Scientific Attitude of Urban and Rural Students.
Table 4.5: Summary of ANOVA of Scientific Attitude of High SES, Average SES and Low SES students.

Table 4.6: The Mean, SD and t-value of Scientific Attitude of High SES students, Average SES students and Low SES students.

Table 4.7: Summary of ANOVA of Scientific Attitude of High, Average, and Low Achievers in Science.

Table 4.8: The Mean, SD and t-value of Scientific Attitude of High, Average, and Low Achievement in Science students.

Table 4.9: Summary of ANOVA of Scientific Attitude of students with High, Average, and Low General Achievement.

Table 4.10: The Mean, SD and t-value of Scientific Attitude of High, Average and Low General Achievers.

Table 4.11: Summary of ANOVA of Scientific Attitude of Urban boys, Urban girls, Rural boys and Rural girls.
Table 4.12: The Mean, SD and t-value of Scientific Attitude of Urban Boys, Urban Girls, Rural Boys, and Rural Girls.

Table 4.13: Summary of ANOVA of Scientific Attitude of Urban: High, Average, and Low SES; and Rural: High, Average, and low SES Students.

Table 4.14: The Mean, SD and t-value of Scientific Attitude of Urban High SES, Urban Average SES, Urban Low SES, Rural High SES, Rural Average SES and Rural Low SES students.

Table 4.15: Summary of ANOVA of Scientific Attitude of Boys: High, Average, and Low SES; and Girls: High, Average, and low SES Students.

Table 4.16: The Mean, SD and t-value of Scientific Attitude of, Boys: High, Average, and Low SES; and Girls: High, Average, and Low SES.

Table 4.17: Summary of ANOVA of Scientific Attitude of Urban: High, Average, and Low Achievers in Science; and
Rural: High, Average, and low Achievers in Science.

Table 4.18: The Mean, SD and t-value of scientific Attitude of Urban: High, Average, and low Achievers in Science; and Rural: High, Average, and low Achievers in Science.

Table 4.19: Summary of ANOVA of Scientific Attitude of Boys: High, Average, and Low Achievers in Science; and Girls: High, Average, and low Achievers in Science.

Table 4.20: The Mean, SD and t-value of Scientific Attitude of Boys: High, Average, and Low Achievers in Science; and Girls: High, Average, and Low Achievers in Science.

Table 4.21: Summary of ANOVA of Scientific Attitude of Urban: High, Average, and Low General Achievers; and Rural: High, Average, and Low General Achievers.

Table 4.22: The Mean, SD and t-value of Scientific Attitude of Urban:
High, Average, and Low General Achievers; and Rural: High, Average, and Low General Achievers.

Table 4.23: Summary of ANOVA of Scientific Attitude of Boys: High, Average, and Low General Achievers; and Girls: High, Average, and Low General Achievers.

Table 4.24: The Mean, SD and t-value of Scientific Attitude of Boys: High, Average, and Low Achievers in Science; and Girls: High, Average, and Low Achievers in Science.

Table 4.25: Summary of ANOVA of Scientific Attitude of Urban: Boys: High, Average, and Low SES; Girls: High, Average, and Low SES; Rural: Boys: High, Average, and Low SES; and Girls: High, Average, and Low SES.

Table 4.26: The Mean, SD and t-value of Scientific Attitude of Urban: Boys: High, Average, and Low SES; Girls: High, Average, and Low SES; Rural: Boys: High, Average, and

Table 4.29: Summary of ANOVA of Scientific Attitude of, Urban- Boys: High, Average, and Low General Achievers, Girls: High, Average, and low General Achievers, Rural-Boys: High, Average, and Low
General Achievers, and Girls:
High, Average, and low General Achievers.

Table 4.30: The Mean, SD and t-value of Scientific Attitude of Urban:
Boys: High, Average, Low General Achievers, Girls: High, Average, Low General Achievers, Rural:
Boys: High, Average, Low General Achievers, Girls: High, Average, Low General Achievers.
