Health Care Seeking Behavior 53

Health Care Seeking Behavior and Sociodemographic Status 55

Health Care Seeking Behavior, Self-Esteem and Gender Stereotype 58

Rationale and Conceptual Framework 60

METHODS 63

The Variables 63

Sample 64

Sample Selection 64

Description of the Sample 65

Measures 67

Self-Esteem Scale for Women 67

Personal Control Beliefs Interview Schedule 77

Gender Stereotype Inventory 81

Decision Making Input Interview Schedule 84

Health Care Seeking Behavior Interview Schedule 85

Procedure of Data Collection 86

Plan of Analysis 87

RESULTS 93

Self-Esteem 94

Personal Control Beliefs 95

Decision Making Input 103

Relationships Between the Study Variables 107

Stepwise Multiple Regression Analyses of the Status, Psychological and Behavioral Variables 109
Effect of Different Gender Stereotype Orientations on Self-Esteem and Decision Making Input

Selected Demographic Variables and Self-Esteem

Relationship of the Status and Psychological Variables with Health Care Seeking Behavior

Status Variables and Health Care Seeking Behavior

Psychological Variables and Health Care Seeking Behavior

DISCUSSION

Linkages Between the Status and Psychological Variables

Education and Self-Esteem

Marital Status, Presence or Absence of Male Children and Self-Esteem

Employment and Personal Control Beliefs

Employment and Feminine Gender Stereotype

Age and Feminine Gender Stereotype

Linkages Amongst the Psychological Variables

Personal Control Beliefs and Self-Esteem

Gender Stereotype and Self-Esteem

Linkages Between the Status Psychological and Behavioral Variables

Decision Making Input as the Dependent Variable

Employment and decision making input

Age and decision making input

Family type and decision making input

Personal control beliefs & decision making input

Self-related decision as the dependent variable
The role of self-esteem in the process of decision making.  
Health Care Seeking Behavior as the Dependent Variable 162 
Age and health care seeking behavior 162 
Socioeconomic status and health care seeking behavior 164 
Personal control beliefs and health care seeking behavior 167 
Self-esteem and health care seeking behavior 168
