ACKNOWLEDGEMENTS

I feel a great pleasure and honor to express my heart full gratitude to my esteemed teacher and worthy research guide Dr. Mohammad Saghir Khan, Associate Professor, Department of Agricultural Microbiology, Aligarh Muslim University, Aligarh for his competency, supervisory intellectual and sympathetic attitude throughout the course of this research endeavor. His intelligible dissemination of knowledge gained through vast experience, helped me to understand the Science of Microbiology. His caring attitude and friendly behavior is beacon of guidance for my whole life. The completion of this research work would have been a dream for me without his consistent motivation and help.

It is a matter of pleasure to extend my sincere thanks to Dr. Iqbal Ahmad, my teacher, Chairman, Department of Agricultural Microbiology for providing necessary facilities, constant support and valuable suggestions. Special thanks are due to Prof. Javed Musarrat, my teacher and former chairman of Department of Agricultural Microbiology for his kind cooperation and making available all crucial research materials without delay during his chairmanship.

I would like to express my deep thanks to my teachers, Dr. Abdul Malik and Dr. Almas Zaidi, Department of Agricultural Microbiology for their valuable suggestions and constant support. Deep appreciation, profound gratitude and also indebtedness go to all my teachers past and present, who enabled me to pursue higher ideas of life.

I feel gratified to Prof. Shamim Ahmad, the Dean, Faculty of Agricultural Sciences, AMU, Aligarh, for his support and cooperation during my research program.

I am thankful a lot to Mr. Fazalur Rahman Khan who, with his ever-smiling face and amicable attitude, helped me to solve the experimental problems upcoming during the research program. His motivational attitude is the reason that he is liked and respected by everyone including me. I express deep respect to Ms. Shaba Qamar Ansari under whose guidance I grew from juvenile stage to mature researcher during the period of seven years spent in the department inculcating values indispensable to proliferate in life and I am thankful for her vigilant and useful suggestions and practical help in conducting research experiments despite of her busy schedule. I would like to pay my humble thanks to Mrs Rizwana, Mrs Hina, Rizwan.
Bhai, Ammar Bhai, Sufi Ji, Sultan and Sanjay for their social and moral help. I am also indebted to Ms. Bushra and Nisar bhai who issued me the required books and journals promptly without delay on my every humble request from M.Sc. to Ph. D. program and I am also thankful for their support, help and encouragement.

I am grateful to my seniors Wani Bhai, Munees Bhai, Imran Bhai, Saquib Bhai, Saurabh Bhai, Sajjad Bhai, Maryam Apa, Reshma Apa, Saema Apa Ikaram Bhai, Zubair bhai, Farrukh Bhai, Farrah Apa and Braj Bhai for their warm cooperation and help. I want to pay my special thanks to my colleague Fohad Mabood Hussain for his moral support, encouragement and experimental help. I cannot forget to mention the name of my senior Oves Bhai who helped me with his best efforts during my work.

I would like to acknowledge my thanks to Farhana apa, Musheer Bhai, Shavez, Saima, Samira, Meenu, Sana, Shaukat or their constant support and encouragement. I am grateful to my batchmates Mashihur, Sumit, Saifuddin, Shakila, Sabiha and Qaseem for giving the congenial atmosphere during my research work. I am also thankful to my juniors Vaibhav, Shariq Qayyum for being nice and cooperative and creating loving environment.

I feel blessed to have friends like Naseem Bhai, Yusuf, Zubair, Alam bhai, Adil Alvi who have always been there to make me comfortable. I can never express my feelings of thanks and love to my father, Mr. Shafiullah for his everlasting prayer for me to fulfill his desire and dreams in the form of completion of my studies. My acknowledgement could never adequately express obligation to my affectionate mother, Mrs. Badrunnisha for her encouragement and inspiration, her moral and practical support and prayers for my success which are supporting to achieve higher ideals of life.

My very special thanks is to my elder brother Nafees Bhai for his kind and everlasting help during all my life and for his love and encouragement, who always wished to see me glittering on skies of success and I am also thankful to my elder sisters, Habiba apa, Nasreen apa and Yasmeen apa who provided me with constant support, affection, encouragement and their prayers always stood by me.

I am indebted to all those whom I forgot to mention, who were supportive throughout my Ph. D. program.

Ees Ahmad
