ACKNOWLEDGEMENT

“Scientific research, from its initial pursual as a leisure time hobby, has metamorphosed into a cutting edge competitive endeavor. In my view, perspicacious mind, farsighted vision and long standing experience are some of the key components required for present day scientific venture.”

I would like to recognize the unseen blessings of Supreme Lord Shri Swaminarayan and Jivanpran Abjibapashri who have always been a hidden source of inspiration and guidance for me. They have always lend a helping hands to pull me up whenever I have fallen down.

With a feeling of profound pleasure I can say that the credit of this work goes to giant personality in himself, who has brought about “better me” in myself, my guide Prof. A. K. Shukla whose scholarly insight, valuable guidance and fatherly affection has molded and enlightened my tiny work into success that in turn is presented here.

I am fortunate enough to have shelter of Prof. Pragna Shelat for nourishment of knowledge confined upon me. Her observations and comments helped me to establish the overall direction of the research and to move forward with investigation in depth.

I cannot find words to express my gratitude to Prof. Gaurang Shah (Principal, KBIPER) for providing guidance and motivation during the doctoral study and give a chance to grow without any constrains.

I would like to express my appreciation to Prof. Anita Lalwani for her advice during and constantly forced me to remain focused on achieving my goal.

I am very grateful to the members of Doctorate Review Committee (Dr. Avani Amin, Dr. R.K. Parikh, Dr. R.H. Parikh, Dr. Jolly Parikh, Dr. Tejal
Mehta, Dr. V.K. Gupta and Dr. Maulik Panchal) to lighten the path of my research giving valuable suggestions.

I am grateful to Dr. Mukesh Gohel (Director of Ahmedabad University) for his kind support wherever needed in the tenure of study.

I am very grateful to Zudus Research Center, Torrent Research Center, Amneal Pharmaceuticals, Colorcon Asia Pvt Ltd, Suvik Hitech Pvt Ltd, FMC Biopolymers and Bombay Tablets for providing gift sample necessary in doctorate study.

On a personal note, I would like to thank Mr. Bhavesh Barot for his incredible support and being a fuel for all scientific communication. I am equally thankful to Mrs. Hetal and Mr. Vinit for standing with me in hurdles raised in the study and jointly solving the same. My special thank to Mr. Mehul and Mrs. Archita for helping me in handling of Animal and HPLC.

I am very thankful to Milanbhai, Pratik, Rakshit, Shantanu, Hardik and Nitesh for proving help during study. I am indebted to my PhD colleagues Ms. Darshana, Ms. Lata, Mrs. Sonal, Mr. Vandit, Mr. Pratik, Mr. Jigar, Ms. Bhavita and Mrs. Palak for being with me. I am grateful to Divyansir, Maitreyimam, Deshpandesir, Bhaveshsir, Chaitanyasir, Niranjansir, Mallika mam, Priyansimam, Dodiyasir, DivyeshSir, Ashleshamam and Pritimam.

My gratitude to all KBIPER family members who have been involved directly or indirectly with the successful completion of this dissertation.

This account would be incomplete without mention of my family members My Parents, Satishbhai, Minabhabhi, Krish and My wife Rupam. I acknowledge the year of 2012 for its sweet memory due to birth of my son Dhairyya and completion of this dissertation.

Last but definitely not the least I obliged for the divine blessing of HDH Bapji, HH Swamishri, all Pujya Saints and entire SMVS family.
