ACKNOWLEDGEMENTS.

This work was made possible through the cooperation of the children involved in the project. To all my eighteen young friends who gave me their innocent friendship, trust and tolerance during this work I wish to offer my humble gratitude. Equally, I wish to thank the parents of the children involved with this project, for their intelligent cooperation and assistance. Without their help the work would have been impossible.

Miss. Anima Das, Assistant Librarian of the Catalogue Section in the National Library, Calcutta, has been of immense help in finding much of the literature cited in the bibliography. To her, my sincere thanks.

I am indebted to my good friend Mrs. Saraline Mylliem Pdah who has spent many a valuable hour scrutinizing the Glossary of Words.

Shri R. N. Dutta has ungrudgingly given me his spare time in patiently typing this thesis. I offer him my sincere thanks. My thanks are also due to Shri A. Purkayastha who has painstakingly made copies of the graphs during his spare time.
Many of my friends and relatives have helped me in various ways in my work for which I wish to record my grateful thanks.

The mainspring of inspiration in my work throughout the last four years has been my husband. For his infinite patience and tolerance and for his inexhaustible fund of encouragement I thank my good fortune.

Finally, I wish to express my sincere appreciation and thanks to Professor Krishna Prasad Bora who has given me unfailing guidance in my work, but for whose constant encouragement I would perhaps not have taken up this work and completed it.
