### Chapter I

**Introduction** ................................................................. 1-33

1.1 Statement of the Problem ........................................... 2
1.2 Need and Importance of the Study ................................. 4
1.3 Scope of the Study ..................................................... 4
1.4 Review of Literature .................................................. 5
  1.4.1 Small Rubber Growers – An Overview ......................... 5
  1.4.2 Small Rubber Growers and Rubber Economy ................ 7
  1.4.3 Perspectives on Rubber Producers’ Societies ............... 9
1.5 Objectives of the Study ............................................... 15
1.6 Hypotheses .................................................................. 16
1.7 Methodology .................................................................. 17
1.8 Sample Design ................................................................ 19
1.9 Collection of Data ....................................................... 26
1.10 Period of the Study ...................................................... 26
1.11 Techniques of Analysis ................................................ 26
1.12 Conceptual and Operational Definitions ....................... 27
1.13 Limitations of the Study .............................................. 28
1.14 Presentation of the Report ........................................... 29

### Chapter II

**Small Rubber Growers and Rubber Producers’ Societies In Kerala** ........................................... 34-96

2.1 History of Natural Rubber ............................................ 34
2.2 World Supply of NR .................................................... 36
2.3 Natural Rubber in India ............................................... 38
2.4 Natural Rubber in Kerala .............................................. 44
2.5 Rubber and its Harvesting ........................................... 47
2.6 The Rubber Board - An Agency Assisting the Rubber Growers ........................................... 49
2.7 Arguments for and against Rubber as a Small Growers’ Crop ........................................... 54
2.8 The Small Rubber Growers and Co-operatives ............... 55
  2.8.1 Rubber Marketing Co-operatives .............................. 57
2.9 Rubber Producers’ Societies ......................................... 58
  2.9.1 The Objectives of the Rubber Producers’ Societies ....... 68
2.9.2 Activities of the Rubber Producers’ Societies .............................................. 73
  2.9.2.1 Economic Benefits Rendered by Rubber Producers’ Societies ... 73
  2.9.2.2 Social Benefits Rendered by Rubber Producers’ Societies ... 84
  2.9.2.3 Imparting Training to the Members .................................................. 86

2.10 Model Rubber Producers’ Societies .......................................................... 90
2.11 Companies in the RPS Sector ........................................................................ 91
2.12 Award for the Best RPS ............................................................................... 92
2.13 K.M. Chandy Memorial Award for the Best Rubber Grower .................. 93
2.14 National Federation of Rubber Producers’ Societies ................................ 93

Chapter III
Rubber Producers’ Societies: An Analysis from the Viewpoint of the Small Rubber Growers ................................................................. 97-218

3.1 A Profile of the Respondents ............................................................ 98
  3.1.1 District-wise Distribution of the Respondents ........................................ 99
  3.1.2 Age-wise Distribution of the Respondents ........................................... 101
  3.1.3 Sex-wise Distribution of the Respondents ........................................... 102
  3.1.4 Religion-wise Distribution of the Respondents .................................... 102
  3.1.5 Distribution of the Respondents based on Occupation other than Agriculture ................................................................. 103
  3.1.6 Education-wise Distribution of the Respondents .................................. 104
  3.1.7 Number of Dependents ........................................................................ 105
  3.1.8 Duration of Membership in the RPSs ................................................... 106
  3.1.9 Source of Information about the RPSs ................................................ 107
  3.1.10 Leadership Role in the Rubber Producers’ Societies .......................... 109
  3.1.11 Area of Agricultural Holding i.e. Rubber Cultivated Area ................. 109
  3.1.12 Area of Agricultural Holding other than Rubber Cultivated Area .... 110
  3.1.13 Evaluation of Income ........................................................................ 112
  3.1.14 Membership in Other Social Organisations ....................................... 115
  3.1.15 Nature of Houses Owned by RPS Members ........................................ 118
  3.1.16 Ownership of Vehicles by RPS Members ........................................... 119
  3.1.17 Home Appliances Owned by RPS Members ....................................... 120

3.2 Evaluation of the Benefits of the Rubber Producers’ Societies and
their Effectiveness ................................................................. 122
  3.2.1 Economic Benefits Rendered by the Rubber Producers’ Societies ....... 122
    3.2.1.1 Benefits in the form of Supplying Inputs ......................................... 123
    3.2.1.2 Marketing Benefits ....................................................................... 124
    3.2.1.3 Other General Services ................................................................. 124
    3.2.1.1 Benefits in the form of Supplying Inputs ......................................... 124
      3.2.1.1.1 Fertilizers .............................................................................. 125
      3.2.1.1.2 Rain Guarding Materials .......................................................... 126
      3.2.1.1.3 Tapping Accessories and Cultivation Equipment ..................... 127
      3.2.1.1.4 Planting Materials ................................................................ 128
      3.2.1.1.5 Spraying Facility and Spray Oil ................................................ 129
      3.2.1.1.6 Ethephon ............................................................................... 131
      3.2.1.1.7 Copper Sulphate ................................................................... 132
3.2.1.8 Tapping Panel Protection Materials ........................................ 133
3.2.1.9 Acid ......................................................................................... 134
3.2.1.10 Tapping Shades ........................................................................ 135

3.2.1.2 Marketing Benefits ..................................................................... 136
  3.2.1.2.1 Collection of Latex ............................................................... 136
  3.2.1.2.2 Collection of Rubber Sheet .................................................. 137
  3.2.1.2.3 Collection of Scrap ............................................................... 138

3.2.1.3 Other General Services ............................................................. 139
  3.2.1.3.1 Financial Grant for Silt Pit ................................................... 139
  3.2.1.3.2 Soil and Leaf Analysis ............................................................ 140
  3.2.1.3.3 Community Smoke House .................................................... 141
  3.2.1.3.4 Demonstration Conducted .................................................... 142

3.2.2 Social Benefits Rendered by the Rubber Producers' Societies .......... 152
  3.2.2.1 RPSs as a Forum for Discussion ............................................... 154
  3.2.2.2 RPS as an Agency for Promoting Managerial Qualities ............. 155
  3.2.2.3 Helping to Uplift the Standard of Living .................................... 156
  3.2.2.4 Role of RPS in Women Empowerment ....................................... 157
  3.2.2.5 Honouring the Best Rubber Growers and Rubber Tappers ........ 158
  3.2.2.6 RPS as a Nodal Agency for Financial Assistance ....................... 160
  3.2.2.7 Providing Study Aids to the Children of the Small Rubber Growers .................................................................................. 161
  3.2.2.8 Supplying Necessary Information to the RPS Members .............. 162
  3.2.2.9 Local Area Development .......................................................... 163
  3.2.2.10 Providing Help to Generate Subsidiary Income from Rubber Plantations ........................................................................... 164

3.2.3 Role of RPS in Imparting Training to their Members ....................... 168
  3.2.3.1 Training in Rubber Planting ...................................................... 169
  3.2.3.2 Training in Rubber Tapping ....................................................... 170
  3.2.3.3 Training in Subsidiary Income Generation .................................... 172
  3.2.3.4 Training in Quality Sheet Production ......................................... 173
  3.2.3.5 Training in Fertiliser Application ............................................... 174
  3.2.3.6 Training in Value Addition ........................................................ 175

3.3 Performance of the Board of Directors of the Rubber Producers' Societies from the Members' Viewpoint ..................................................... 179
  3.3.1 Opinion of RPS Members about the Personality Based Performance of the Board of Directors ............................................................................. 180
  3.3.2 Opinion of the RPS Members about Activity Based Performance of the Board of Directors of the Rubber Producers' Societies .................. 188
    3.3.2.1 Providing Necessary Information to the Growers .................... 190
    3.3.2.2 Solving Disputes ...................................................................... 192
    3.3.2.3 Identifying Fund Raising Projects ........................................... 194
    3.3.2.4 Providing Training .................................................................... 196
    3.3.2.5 Mode of Functioning ................................................................ 198
    3.3.2.6 Attendance in Various Programmes of the Rubber Producers' Societies .................................................................................. 200
    3.3.2.7 Interest in Agricultural Activities .............................................. 202
    3.3.2.8 Interest in Social Activities ....................................................... 204
    3.3.2.9 Innovativeness ......................................................................... 206
    3.3.2.10 Helping Mentality towards Members ........................................ 208
Chapter IV
An Analysis of the Rubber Producers' Societies from the Viewpoint of the Office Bearers
