ACKNOWLEDGEMENT

This research work is undertaken under the guidance of Dr. Kenu Debi, Professor and Head of the Department of Education, Gauhati University, who has showed keen interest, and has given necessary suggestions, guidance and encouragement to complete this research work. My sincere gratefulness remains to her as without her valuable guidance this work would not have been possible.

My sincere thanks remains to the Librarian of the National Library, Calcutta, the Librarian, Gauhati University, and to the Indian Council of Social Science Research, New Delhi. I gratefully acknowledge the help and guidance received from Prof. A. Mannan of the Department of Statistics, Gauhati University, Prof. B. Chaharia, Department of Statistics, Jorhat College, and to Miss Nanjita Goswami, Department of Mathematics, Gauhati University.

Last but not the least, I am grateful to my father Late P.C. Srutikar, to my husband Engineer Shupen Bhagabati, from whom I have received constant encouragement to complete this work, and to Sri Kalicharan Das for sparing his valuable time to type out this research work.
