ACKNOWLEDGEMENTS

At the very outset of this report I have great pleasure in expressing my sincere gratitude to my guide, Dr. K. G. Bhattacharyya, Professor and Head of the Department of Chemistry, Gauhati University, for his inspiration, valuable guidance, constant supervision, encouragement and thoughtful suggestions and help throughout the entire period of investigation and preparation of the manuscript.

My gratitude is also due to Professor S. K. Bhattacharjee, Professor O. K. Medhi, Professor P. J. Das, Department of Chemistry, Gauhati University for providing facilities required for the work during my research work. I am also grateful to all other teachers of the Department for their helpful suggestions.

I express my gratitude to Professor L Talukdar, Principal of Tihu College for allowing me to complete the research work. I would like to extend my thanks to Professor H. Roychoudhury, G. Talukdar, A K. Goswami, S. Medhi, D. Pathak, S. Bharali, C. Thakuria, R. Bhuyan, G. Goswami, J Bhagabati, S. Sarma, Gokul Talukdar and all other colleagues of Tihu college for their kind co-operation and inspiration rendered to me during my research work.

I would like to thank Prabinda, Parashmoni, Ilitesh, Bijoy, Rama, Apurba, Kabita, Gitali, Moutushi, Monpa, Mitu, Arunimaba, Smritisikhaba and all other co-workers of the Chemistry Department, G.U. for their constant encouragement during the course of the work.
I sincerely thank my sister Bula (Aijani) for her constant help, inspiration, love and
contant encouragement to complete this work.

I am very much indebted to my friends Dhrubada, Gautamda, Tapanda, Digantada,
Manjit, Dipak, Hiten, Dharani, Rumi, Rita, Pranita, Nyajyata and Nihar.

Above all, I offer my love, admiration and respect to my parents for their blessings
and encouragement given throughout the period of my research work.
