ACKNOWLEDGEMENT

It is a pleasure to express my indebtedness to my teacher Dr. A.K. Chaudhury, Lecturer in Chemistry, The University of Burdwan, for his very enthusiastic guidance, encouragements and good wishes during the entire tenure of this work. I am grateful for his invaluable advices which helped me a long way to complete the present work.

I am thankful to Professor S.K. Siddhanta, Head of the Department of Chemistry, The University of Burdwan, for providing Laboratory facilities and good wishes.

My grateful thanks are due to the University of Burdwan for the award of a Research Fellowship during the tenure of my work.

My sincere regards to my brother Dr. N.C. De (Buffalo, N.Y.) for he helped me in taking I.R. curves of several complexes.

My earnest thanks are also due to Prof. R.L. Dutta and Dr. G.S. De, Chemistry Department, The University of Burdwan, for helping me in numerous ways.

Basudeb De
