ACKNOWLEDGEMENT

I am highly pleased and remain grateful to Srijut Ratnajeet Bhattacharjee Dev, Reader, Deptt. of Mathematics, G.U. for his valuable guidance and counsel with excellent knowledge, wide exposure and extraordinary dedication which have escaped me from all puzzles. I would like to express my deep sense of gratitude and heartfelt thanks to Dr. Nilima Bhagawati, Head of the Department of Education, G.U., who has spent most of the precious times with me for preparing this thesis successfully.

I appreciate all possible cooperation extended to me by Sjt. Satis Sarma, Ex-Inspector of Schools, Karbi Anglong, Diphu, where the study was undertaken.

The investigator is grateful to the Head of Institutions, Mathematics teachers, students of Class-X, of the high schools and higher secondary schools of Karbi Anglong district of Assam, who had extended their cooperation conduct in the investigation.

I am also grateful to the Karbi Anglong District Council; Office of the Inspector of Schools, Diphu; Technical branch of SEBA, Guwahati; DPEP Office, Guwahati; O.K.D. Institute of Social Change and Development, Guwahati; Office of the Directorate of Census Operation, Assam, Guwahati; for giving me an opportunity to consult records in their office.

Thanks are also due to all teaching staff of mathematics, Deptt. of G.U., well-wishers and colleagues for their sincere cooperation and valuable suggestions.

I am also greatly indebted to my husband Mr. Ratul Neog for his encouragement, inspiration and moral support in preparing this thesis.

The difficult task of typing the thesis has been efficiently carried out by Mr. Hemanta Kr. Sarma, Lecturer, Deptt. of Maths, G.U., Mr. Kalyan Kr. Bora and Mr. Rana Das, Computech DTP Centre, Nagaon. I would like to record my high appreciation for the services rendered by them.
