ACKNOWLEDGEMENTS

It gives me pleasure to express my deep sense of gratitude to my Research Supervisor Dr. Chinta Sudhakar, Professor, Head and Chairman, Department of Botany, Sri Krishnadevaraya University, Anantapur, India for his professional supervision, obliging suggestions and affable endorsement, the most admirable and amiable supervision. His encouragement was instrumental in successful completion of this work. I acknowledge his dynamic celebrity and genial thinking were always a source of incentive in all the phases of experimentation and decisive analysis.

I extend my thanks and gratitude to Prof. T. Pullaiah, Principal, S. K. University and I am obliged to, Prof. R. R. Venkata Raju, Professor, Dr. B. Ravi Prasad Rao, Associate Professor and Dr. S. Thimma Naik, Associate Professor, Department of Botany, S. K. University for rendering the needed amenities in the department and for their suggestions.

I convey my sincere thanks P. Chandraobul Reddy, Assistant Professor, Yogi Vemana University, Kadapa for un-sustained encouragement in completion of this work. I also extend my thanks to Dr. G. V. Nagamallaiah, Faculty, Yogi Vemana University, Kadapa and Dr. M. Thippleswamy, Post Doctoral Fellow, The Institute of Plant Sciences, Israel for their extensive co-operation during my work.

I am thankful to my senior scholars Dr. G. Ranganayakulu, Faculty, Rayalaseema University, Kurnool and Dr. Madhusudan, Junior Lecturer, Kurnool for their discussions and suggestions with a grate intimacy when working problems arise.

I convey my sincere thanks to Sri. Anjaneyulu, Retired Teacher, Nyamaddela for his affable teachership and un-sustained encouragement in completion of this work.

I am also grateful to the Scientists of Acharya N.G. Ranga Regional Agricultural Research Station, Nandyal, for providing the foxtail millet germplasm.

I convey my thanks to the scientists of Acharya N.G. Ranga Regional Agricultural Research Station, Nandyal, for providing the foxtail millet germplasm.
I am pleased to convey gratitude to my fellow research scholars A. Annapurna Devi, Eswara Narayana Reddy, M. Manju Latha and my junior lab mate M. Pandu Rangaiah.

I extend my thanks to Research Scholars and Research Associates of the Department, P.V. Krishna Reddy, Mrs. Sesheela, Mrs. Sowgandhika, A. Ugraiah, B. Sada Sivaiah, Khadar Basha, Suresh, Sreenivas, Tirupathy Reddy, P. Venkata Krishnaiah, Y. Padma, Jayamma, K. Geetha, Dr. Sandhya Rani, and Dr. Nagesh.

I feel fortunate enough to have been blessed with Sirisha, Sreelatha, Mahesh, Naveen, Bushan and Praveen as friends, who have been sharing the times of pleasure and pains in my life.

I extend my thanks to my research colleagues and friends Thippa Reddy, Jayaram, Jeevan, Raghavendra, Jayachandra, Gurunath, Kiran and many.

I am thankful to non-teaching staff Department of Botany, Veerappa, Krishnaiah, Krishnamoorthy, Kullayappa, Chendrayudu, Madhukar, Madhu and Ravi for their cooperation.

At last, when I think of my parents, Smt. M. Lakshmi Devi and Sri M. Narayana, my beloved brother M. Ramanjaneyulu, my sister-in-law Smt. M. Radha, my aunt Smt. M. Chennamma, my joy and gratitude find no bounds for what they have sacrificed for me. This piece of work could see the light of day only due to their stoical attitude, inspiration, perseverance, encouragement and keenness in the form of their affection. To thank them in words is belittling their efforts but while acknowledging other names can never stand before them.

M. SIVA KUMAR
