Today I feel cloud nine to write for those who have accepted up my venture as their noble task. My ride for research was bumpy like other research but it was the help and guidance of some noble people who made my ride smoother and memorable. I consider that it was God who helped me in the form of these valuable and esteemed people. It is my limitation that I could express my gratitude to them by words only.

First of all I express my gratitude to former VC Shree. Mahendrabhai Padaliya who made my way clear for Ph.D. I consider myself very lucky to have a supervisor like Dr. Jaydipsinh Dodiya who showered his experience, knowledge and wisdom on me in the form of guidance. Speed of the leader is the speed of the follower. The credit goes to my supervisor for timely completion of my research work.

I thank Dr. Kamalbhai Mehta, Professor and head, Department of English and Comparative Study, Saurashtra Univeristy for his support. He helped me as my career guide in my journey starting from M.A. to my Ph.D. I am also thankful to other faculty members of English department Dr. Ravisinh Zala and Dr. Sanjay Mukherjee and Ms. Dhvani Vachchharajani for their timely help. Central Library also played important role in my research.

As iron shapes iron, one man shapes another. It is true about my teachers who gave me motivation and moral support throughout my career. Dr. Rishikesh Upadhyay and Dr. Shivani Upadhyay are the ones who took my task as their own task. In every aspect of my research they both candidly helped me. I respectfully thank them. I am grateful to Dr. Dushyant Nimavat who persuaded me to proceed for Ph.D. research. I am heartily thankful to Dr. Iros Vaja for his valuable and practical guidance. I am also thankful to Dr. Dilip Barad and Dr. Sunil Shah for their ELT and technology related guidance.

I am very lucky to be a part of Atmiya Group of Institution. Here I get knowledge related to my research. I am thankful to the management to provide me a chance to work as a Language Lab Coordinator. This helped me to go the whole hog in my research area.
I am thankful to Atmiya Library and Network Admin to provide me the books and Internet facility.

Without the encouragement of my family members it was impossible to imagine for a research. I pay homage to my late grandfather Shree Rameshchandra J. Shukla who sow the seeds of good and artistic language in me. I remember his words ‘अलस्वयं हि मनुष्याणां शरीरस्थो महान रिपुः’ and ‘वचने किम दरिद्रता’. In his absence I am blessed with the warm guidance of my maternal grandfather Shree Prabhashankar Shukla. I am always obliged to my parents who shaped my future. My father Shree Kaushikbhai Shukla persuaded me to advance my education in English language and meticulously shaped my future. My mother Shreemati Ilaben Shukla sacrificed her ease to educate me and taught me the lessons of life. I am thankful to my wife Trupti Shukla who supported me in my research and helped me with her knowledge of education field. My younger brother Gaurang Shukla gifted me a notepad to make my Ph.D work easy. He provided me hi-tech and technological support throughout my research. My cousin Darpan Shukla a young researcher of English field kept me updated with latest information of the field. I am grateful to have a very supportive family where everybody collectively cooperated my venture with sacrifice and compromise.
