Acknowledgements

The satisfaction and euphoria that accompany the successful completion of any task would be incomplete without mentioning the names of the people who made it possible. I acknowledge all those whose guidance, encouragement and help served as a beacon light and crowed my effort with success.

The ancient Vedic Seers of India declare:

Gururbrahma Gururvishnuhu Gurudevo Maheswaraha.

Gurushaakshaat Para Brahma Tasmai Shree Gurave Namaha

Loosely translated, this means “Teacher is the creator, a king maker, an artist, a philosopher, a real hero of the society, preserver and dissolver. Teacher is verily the Supreme Absolute”. Blessed such a teacher I would like to offer my “Pranams” to them.

I express with a great sense of indebtedness to my advisor, Dr. Shivarudraiah, Associate Professor, Department of mechanical Engineering University Visvesvaraya College of Engineering (UVCE), Bangalore University, Bangalore, for his encouragement, support, overall guidance, invaluable inspiration, words of advice and unstinted support during this throughout this research investigation. Without his motivation and knowledge, I would not be writing this thesis of right now. I would also like to thank him for all the good times and memories that I have while being his student.

I express my profound gratitude and regards to Dr. Paul Vizhian.S, Chairmen Department of Mechanical Engineering, University Visvesvaraya College of Engineering, Bangalore University. Dr. K.V. Sharma, Professor, Department of Mechanical Engineering, University Visvesvaraya College of Engineering, Bangalore University, Bangalore, for their valuable suggestions and encouragement throughout my research work.

I would like to thank with profound sense of gratitude and respect Dr. Nanjunda Swamy, Principal, Dr Ambedkar Institute of Technology, Bangalore, for their encouragement and support during my work.
I am immensely thankful to honourable trustees of Shri P.L. Nanjunda Swamy, chairmen, PVP Welfare Trust, Shri. Shivamallu, Managing Trustee & Secretary, PVP Welfare Trust, Dr. Mahadeva, Treasurer, PVP Welfare Trust, Shri. Channaswamy. Trustee, PVP welfare Trust, Shri. Mariswamy, Trustee, PVP welfare Trust, for their encouragement and support during my research work.

I express my sincere gratitude and thanks to Dr. Bheemaraj, Professor and Head, Department of Chemistry, Dr. Ambedkar Institute of Technology, Bangalore, for Valuable guidance and his encouragement throughout my research work.

I would like to express my sincere thanks to Dr. C.D. Madhusoodana, Ceramic Technological Institute, BHEL, for providing pellet preparation and sintering facility for Zirconate Specimens., and for Valuable guidance and his encouragement throughout my research work.

I would like to express my sincere thanks to Dr. Ramachandra Rao., CMD, Division Department of ceramics, NAL-Bangalore, for providing sintering facility for Zirconate, Specimen., and for valuable guidance and for his encouragement during the period my research work.

I like to thank Shri. S. Vynatheya, Materials Technology Division, Central Power Research Institute, Bangalore, for their encouragement and support during the period my research work.

My heartfelt thanks are due to Mr. Paul Engeler, Head, Pressure Transducer Division, Kistler Instruments AG, Switzerland, for timely help in giving us one set of un-cooled pressure sensor during the period my research work.

I express my sincere gratitude and thanks to Dr. Vishnu Kamath. Professor, Post-Graduate Studies, Department of Chemistry, Bangalore University, Bangalore, for his encouragement during the period my research work.

I take this opportunity to thank all my colleagues including the Teaching and Non-Teaching Staff, Department of Mechanical Engineering, Dr. Ambedkar Institute of Technology, Bangalore, for extending their continuous cooperation, encouragement and support during the period my research work.

I thank Shri. Nagarajan, IC engines Laboratory, Mechanical Engineering Department, Indian Institute of Technology, Chennai, for their help and Valuable guidance to engine tuning, TDC marking, engine data acquisition during the period my research work.
I thank Shri. Sathish, service engineer, Kirloskar componey.Ltd- Bangalore, for their support and valuable guidance, during the period my research work.

I thank Shri. Prasad, engineer, spraymet surface technology, Pvt, Ltd- Bangalore for their support to plasma spray coating, during the period my research work.

I thank Advanced metallurgical Lab, Bangalore, for providing material characterizations facility, during the period my research work.

I am highly grateful to my beloved parents Shri. M. Manchaiah (late) and Smt. Basamma for their blessings, moral support, encouragement that has enabled me to complete this research work successfully.

I am highly grateful to my elder brother. Shri. K.M. Mallikarjunaswamy and sister- in-law Smt. H.K. Yashodamma, for their blessings, moral support, encouragement that has enabled me to complete this research work successfully.

I am extremely thankful to my wife Smt. Divyashree C.S without her cooperation, encouragement and moral supports, this research work would not have been possible to complete, and I owe a great deal my Children’s Rakshith. K.P and Kaushith. K.P, will rather be too less because they had no harsh words to tell me in spite of my absence from home during my work. I reciprocate their warm love and affection to me.

I am thankful to my sisters and brothers and all my family members for their moral support, and encouragement to carryout this research work successfully.

Before concluding, I wholeheartedly thank all those who have directly and indirectly motivated me by giving me their precious time and advice.

Bangalore
January 2013

(K.M. Purushothama)
