ACKNOWLEDGEMENTS

I owe my deepest debt of gratitude to Dr. L. M. Manocha, Former Head and Professor, Department of Materials Science, Sardar Patel University, Vallabh Vidyanagar under whom I had the opportunity of working as a research student. I am deeply indebted to Prof. L. M. Manocha for important and stimulating ideas provided by him. Time to time discussions with him gave me invaluable help in organization of the experimental work, interpretation of the results and in writing the thesis. It is he who taught me the rudiments of research and guided me very painstakingly. I have been highly benefited from his constructive criticism at all stages of my work. The years spent in his counsel and company will have a long lasting positive impact on my professional career. It is difficult to look for words adequate to thank him for his constant loving, care and affection.

Special thanks are due to Dr. (Mrs.) S. Manocha, Professor, Department of Materials Science for her guidance in every aspect of my life. This thesis is an outcome of her binding concern, support and blessings. She gave me a much needed moral support when things were ups and downs. I would like to express my gratitude for her care, help and guidance.

I sincerely thank my friends and colleagues Dr. Vishal Makadia, Dr. Hemang Patel, Dr. Kalpesh Patel, Dr. Guddu Prashad, Mr. Milan Vyas, Dr. Parth Joshi, Mr. Valay Solanki, Dr. Karshan Ram, Dr. Ankur Darji and Ms. Arpana Basak, for their timely help and support during and towards successful completion of my research work.

I am thankful to non-teaching staff Mrs. Parul Sheth, Mr. R. M. Rana, Mr. Pankaj Gohil and Mr. Sanjay Harijan for their constant co-operation.

For the present work I had used testing facility at Sophisticated Instrumentation Centre for Advance Research and Testing (SICART), Vallabh Vidyanagar. I am grateful to the Operators and Management of SICART-CVM for providing the facility.

I am grateful to the Head Department of Materials Science and University Grant Commission (UGC), Govt. Of India for providing me fellowship under its Meritorious students scheme to the Department of Materials Science.
The words are insufficient to express my gratitude to my beloved parents Shri Laljibhai M. Gajera & Smt. Vasanben L. Gajera, my wife Mrs. Trupti Gajera, my younger brother cum friend Kishor and lovely sister Chhaya. The present work would not have been possible without their indispensable help, unlimited patience and affection full of constant encouragement in all my endeavours.

I am also very much thankful to all my relatives and friends who have helped me directly or indirectly during my research work.

I am also thankful to Miss. Vrutika P. Patel for collaborative work with me from Department of Biosciences, Sardar Patel University, V. V. Nagar.

With deep and heartiest sense of gratitude I thank my mentor Prof. L. M. Manocha and Prof. (Mrs.) S. Manocha for their love, blessings and inspiration.

Hasmukh L. Gajera
