Acknowledgement

The Ph.D writing process is a journey which takes many years to complete. During this exciting and stimulating, but at times exhausting and difficult journey, I was accompanied by an awesome group of people who supported me in multiple ways.

At the outset I express my sincere gratitude, heartfelt regards and indebtedness to my respected supervisor Dr. Malay Kumar Adak, Department of Botany, University of Kalyani West Bengal, India, for his esteemed supervision, excellent guidance, valuable suggestions and constant encouragement throughout the entire period of my doctoral research work and during preparation of the thesis. Their valuable suggestions, exceptional know how of the subject and constant effort to achieve research goal has immensely helped me to successfully complete my research project work with appreciation.

I would also like to acknowledge the constant financial help received from University Grant Commission (UGC) and Department of Science and Technology (DST).

I also pay my deep sense of gratitude to Hon’ble Vice Chancellor of University of Kalyani, Kalyani for the facilities provided to me for carrying out the present investigation.

I convey my gratitude to Prof. Goutam Paul (Dean), Faculty of Science, University of Kalyani, for his advice and assistance whenever needed. I am remark fully indebted to Prof. Parthadeb Ghosh, Prof. Chandan Sengupta, Prof. S. Chowdhury, Prof. Padma Chatterjee, Prof. Animesh
Kumar Dutta, Prof. Sobhan Kumar Mukherjee, and Prof. Gour Gopal Maiti for their valuable suggestions including the endless motivation. I remain grateful to Dr. Sudha Gupta, Dr. Sudipta Roy, Dr. Sankar Narayan Sinha and other teachers of the department of Botany for their wholehearted support during my research tenure. I convey my gratitude to all the faculty members and non-teaching staffs of the Department of Botany, University of Kalyani for their help, advice and assistance whenever needed. I would like to specially acknowledge Prof. D.N. Sengupta, Department of Botany, Bose Institute, Kolkata, for his generous help in all ways possible that made my research path more focused. I would also like to acknowledge Prof. Anita Mukherjee, Center of Advance Study, Department of Botany, University of Calcutta for helping me out with the comet assay studies Dr. Narottam Dey, Department of Biotechnology, Visvabharati, Dr. Utpal Basu, Department of Biotechnology and Molecular Biology, University of Kalyani, Dr. Sudip Sinha, Department of Botany, Bose Institute, Kolkata for their constant assistance during the tenure of my research period.

Dr. Srikanta Chakraborty, USIC, University of Burdwan, Burdwan, should be acknowledged for helping me out with the Scanning electron microscopic studies and Cultivation of Science for SEM-EDX study. I am grateful to Prof. Anilava Kaviraj, University of Kalyani, for helping me carry out the Atomic Absorption Spectroscopic study and should also be acknowledged to Bose Institute for HPLC analysis.
I like to sincerely acknowledge Mr. Sambhit Dutta, Department of Agriculture, Calcutta University, and Ms. Saborni Maiti, Department of Agricultural and Food Engineering, Indian Institute of Technology, Kharagpur for their untiring help as and when needed to carry out this research work.

I would like to mention the help of Dr. Tulsi Dey, Mr. Soumen Saha, Mr. Sinchan Adhikari, Mr. Ajay Ghosh, Mr. Arghya Ghosh, Dr. Supriya Roy, Ms. Nila Das, Ms. Kaninika Sen, Mr. Soumya Prakash Das, Department of Botany, University of Kalyani, for their constant encouragement during the duration of my research studies.

I want to keep off my hat for the indefatigable support and durable construction of my lab colleagues especially to Mr. Nirmalya Ghosh, Mr. Kingsuk Das, Mr. Siddarth Banerjee. Apart from them I would like to acknowledge the fellowship attitude of all other research fellow of this Department and other Departments notably Mr. Debanjan Dutta of Department of Biochemistry & Biophysics.

I am also thankful to Mr. Naresh, our lab attendant, for his every day help in laboratory during the course of my research period.

The impetus to join in PhD course was impossible without the understanding and encouragement of my wife and my brother.

Last but not the least; I am grateful to my family for their constant support and faith that actually gave me the inner strength to complete my research work successfully.

(Chiranjib Mandal)
