LIST OF TABLES

Table 2.1  MSME Definitions used by World Apex Organizations............6
Table 2.2  Classification of MSMEs of select countries...........................7
Table 2.3  Classification of Indian MSME .............................................19
Table 2.4.1  State-wise Distribution of MSMEs .......................................28
Table 2.4.2  Gross Output statistics of registered MSMEs third & fourth
Census .........................................................................................29
Table 2.4.3  SMEs by nature of activity ..................................................30
Table 2.4.4  Micro, small and medium enterprises in India ......................31
Table 2.4.5  Select Statistics for the Registered Manufacturing MSMEs......31
Table 3.1.1  GVA of Registered & Unregistered MSMEs (State-wise)
as a percent of GSDP....................................................................44
Table 3.2.1  Operationalization of Research variables.............................49
Table 3.2.2  Hypotheses Set-01............................................................50
Table 3.2.3  Hypotheses Set-02............................................................51
Table 3.2.4  Hypotheses Set-03............................................................51
Table 4.3.1  Descriptive Statistics of Panel of Experts ............................56
Table 4.3.2  Interview Questions put across to the Experts ......................57
Table 4.4.1  Summary of the Experts’ evaluation of Hofstede’s
dimensions for India .....................................................................59
Table 4.5.1  Comparison of Hofstede’s evaluation of Indian Culture and
that by the Indian Experts ...............................................................62
Table 4.7.1  Revised Hypotheses............................................................68
Table 5.3.1  Cultural Attributes and related Assumptions .......................73
Table 6.1.1  Cronbach alpha ................................................................80
Table 6.2.1  Distribution of sample respondents across classifications........81
Table 6.2.2  Basic Characteristics of sample respondents........................84
Table 6.3.1  Summary Table ................................................................86
Table 6.3.2  ANOVA Summary for Performance variable across MSME
Segments.......................................................................................93
Table 6.4.1  Summary Table ................................................................94
Table 6.4.2  ANOVA Summary for Cultural Dimensions across MSME
