ACKNOWLEDGEMENTS

I would like to express my deep sense of gratitude and respect to my research guide
**Prof. B. Palaniappan**, Professor and Head of the Department of Computer Science and Engineering and Dean (Faculty of Engineering and Technology), and my research co-guide **Dr. N. Panchanatham**, Professor and Head of the Department of Business Administration, for taking me as their student and guiding me to successfully complete this research work. Their qualities as teachers, researchers, guides and philosophers have attracted me immensely. Their discipline and hard work are great sources of inspiration for me. My association with them for several years is a golden part of my life.

I am very much thankful to **Prof. A.M. Sameeullah**, Department of Computer Science and Engineering for his encouragement.

I am grateful to **Dr. S. Palanivel**, Lecturer (Selection Grade), Department of Computer Science and Engineering who introduced me to neural networks and other concepts pertaining to my research. I am thankful to his family for their wishes and encouragement.

I am very much pleased to Readers **Mr. Rm. Chandrasekaran, Mr. V. Srinivasan, Mr. N. Puviarasan** and **Mrs. P. Aruna**, Lecturer (Selection Grade) of the Department of Computer Science and Engineering for their encouragement.

I profusely express thanks **Dr. K. Rajendran**, Professor and Head, Department of Psychology and **Mr. William Felix**, Lecturer-cum-Statistician (Selection Grade), Department of Community Medicine, Rajah Muthiah Medical College for the useful discussion with them.

I am grateful to **Dr. V. Vinod Kumar**, Lecturer, Department of English, **Mr. S. Ganapathy**, Lecturer (Selection Grade), Department of Electrical and Electronics Engineering, **Mr. M.Y. Mohamed Parvees**, Programmer, Dean’s office, Faculty of Science, **Mr. K. Rajan**, Head, Department of Computer Engineering, Muthiah Polytechnic College, and **Mr. D. Jeganathan**, Assistant Registrar, for their help in correcting my thesis.
I profoundly thank the department staff members (Teaching, Technical, and Administrative) for their encouragement throughout my research work. I owe a special thanks to my student friends (the respondents) for sparing their valuable time for my research work and data collection.

I thank my wife Susila Ramlingam, my daughters R. Suganya, R. Brindha, my in-laws, and Mr. V. Padma Balaguru and his family for their prayers and encouragement during my research work. I sincerely convey my gratitude to everyone who helped me directly or indirectly during my research work. I thank the authorities of Annamalai University for giving me study leave to carry out this research work.

I would like to express my sincere thanks to the All India Council for Technical Education (AICTE), New Delhi and the Government of India, for their financial assistance to set up a Neuro-Fuzzy Laboratory at a cost of Rs.15.0 Lakhs during my research work.

Finally, I fondly remember my mother Shrimathi. Yasothai Venkatachalaman (late), father Shri. P. Venkatachalam (late), and thank the Almighty for creating an opportunity for me to undertake this research work.

V. Ramalingam
Reader in Computer Science and Engineering,
Annamalai University.
