ACKNOWLEDGMENT

A final outcome is never the work of one person more a combination of ideas, suggestions, reviews and works involving many people.

First and foremost, I wish to express my deep sense of gratitude and sincere thanks to my research guide Dr. Nagaraja Naik, Professor, DOS in Chemistry, University of Mysore, Mysore. Who introduced me to this field and taught me the fundamental of research. I am highly indebted to him for his active guidance, constant source of encouragement and valuable suggestions through out my research work.

My sincere thanks to Prof. H.S. Yathirajan, Professor and Chairman, DOS in Chemistry, University of Mysore, Mysore, for providing necessary facilities and also for his encouragement during my research work.

I thank to Prof. D. Channe Gowda, Chairman BOS in Chemistry; Prof. K.M. Lokanath Rai and Prof. Y.B. Basavaraju for serving on my doctoral committee and all the faculty members DOS in Chemistry, University of Mysore, Mysore, for providing necessary facilities and also for their encouragement during my research work.

I express my sincere and deepest sense of gratitude to Dr. H. Vijay Kumar Ph.D., Postdoctoral Associate, Department of Chemistry, University of Minnesota, United States of America (USA). For his constant guidance, concern imitable support during my research and who helped me a lot in all the way to carry out my research objectives.

I express gratitude to my lab members, Smt. Harini S.T, Mr. Sharath V, Mr. Shekar, Mr. Ashok B, Mr. Kumar Naik, Smt. Swetha for all their support and hours of time spent on this work.

I would like to express my gratitude to Sunder Sir and Murali Sir for their support to carry out my research objectives.

I would also like thanks to Mr. Umesh B, Mr. Suyoga Vardhan D.M, Mr. Rama Krishna, Ms. Shwetha L R, and Ms. Prema for their friendship and support.

I would also like thank all of my friends, research scholars, and non teaching staff of Department of Studies in Chemistry for their help during research work.

It is my immense pleasure to thank University of Mysore and DOS in Chemistry for providing an opportunity for pursuing my Doctor of Philosophy in Chemistry.

The episode of acknowledge would not be complex without the mention of my parents who taught me the value of hard work by their own experience. I would like to share this moment of happiness with my beloved father Sri. Javarappa, my beloved mother Smt. Jayamma, my caring sweet sisters Jayalakshmi, Varalakshmi and my lovely brother Biligiri, they rendered me enormous support during the whole tenure of my research. The encouragement and motivation that was given to me for carry out my research work by all relatives is also remembered.

Finally, I would like to thank everybody who has been in one way or other, my motivating source and strength for the fulfillment of this thesis.
