ACKNOWLEDGEMENT

It has been an amazing journey and a feast of experiences doing this wonderful PhD. It has also being a time of fantastic intellectual growth fostered by a mix of wonderful learning environment at NMIMS. Writing his thesis would not have been possible without the support of my mentors, friends and colleagues.

The first person that deserves my gratitude is my Guide Dr. M. Sasikumar. He has given me sea of knowledge and enormous freedom to wander intellectually. There have been numerous occasions where I remember feeling disheartened and stumped about the direction of my research, but inevitably, a meeting with Sasikumar would reinvigorated my enthusiasm and raise my spirits immeasurably. His steadfast support and intellectual guidance—from start to finish—have been invaluable over the years and I feel incredibly privilege to have him as my guide.

I have also benefited greatly from other mentors at NMIMS mainly department of PhD. I want to acknowledge the rich and supportive academic environments provided by NMIMS and SIES GST. I would also like to thanks my parents for their encouragement and support. As for my husband I find it difficult to express my appreciation because it is so boundless. He has been source of inspiration for me. Without his continues support and encouragement it would have been gigantic task.

Above all I thank you God for bringing this beautiful journey to a success.
