</table>
3.3 Progress for different Co-operative dairies in the Gujarat State. 73-75
3.4 Information regarding number of chilling center, Veterinary Institutes, Cattle feed factories with brand in Gujarat State. 78
3.5 Milk production estimates in Gujarat. 81
3.6 Per capita availability of milk in Gujarat State. 84
4.1 Composition of different livestock in Gujarat State. 89
4.2 Growth of livestock population and its pressure. 91
4.3 District-wise percentage distribution of total livestock population in Gujarat State. 96
4.4 Total numbers of livestock and bovine population per 100 human population in district of Gujarat for the year 1972, 1982 and 1988. 99
4.5 Total numbers of livestock and bovine population per 100 hectares of reporting area in district of Gujarat for the year 1972, 1982 and 1988. 101
4.6 Total numbers of livestock and bovine population per 100 hectares of G.C.A. in district of Gujarat for the year 1972, 1982 and 1988. 102
4.7 Total numbers of livestock and bovine population per 100 hectares of grazing land in district in Gujarat for the year 1972, 1982 and 1988. 104
4.8 Composition of different types of livestock in Sabarkantha district. 106
4.9 Growth of livestock population and its pressure on land in Sabarkantha district. 108
4.10 Percentage distribution of livestock population of Sabarkantha district by taluka for the year 1972, 1982 and 1988. 113

(B)
4.11 Total numbers of livestock and bovine population per 100 persons in talukas of Sabarkantha for the year 1972, 1982 and 1988.

4.12 Total number of livestock and bovine population per 100 persons R.A in talukas of Sabarkantha district for the year 1972, 1982 and 1988.

4.13 Total numbers of livestock and bovine population per 100 hectares of G.C.A in talukas of Sabarkantha district for the year 1972, 1982 and 1988.

4.15 Simple correlation Matrix Table.

5.1 Frequency Distribution of sample households by farmsize.

5.2 Family size of Farmsize Group in selected Talukas.

5.3 Percentage of workers in the total Population by Farmsize Groups.

5.4 The Percentage share of Male and Female workers in total workers by farmsize groups.

5.5 Percentage Distribution of sample workers by age groups in Farmsize group.

5.6 Percentage Distribution of sample workers by level of education by farm groups.

5.7 Percentage of total Heads of the Households as members of co-operative credit and Dairy societies.

5.8 Own area land, operated land and gross cropped area per household.

5.9 Farm size group wise cropping pattern.

5.9 A Farm size group wise cropping pattern by talukas.

(C)
5.10 Information on gross Income, Input Expenditure and net income from crops cultivation during the reference year. 144

5.11 Classification of total numbers of Animals Owned by sample households by category of households and Age groups of animals. 147

5.12 Classification of total numbers of animals owned by sample households by talukas and Age groups of animals. 148

5.13 Percentage Distribution of milch cows by inmilk and dry period at the time of survey. 149

5.14 Percentage of Distribution of milch buffaloes in milk and dry at the time of survey. 150

5.15 Average price per animal owned by sample households at the time of survey. 151

5.16 During lactation cycle average inmilk days per milch animal owned by sample households. 154

5.17 Per households per day labour spent for animal owned by sample households. 156

5.17 A Talukawise per household per day labour spent for animals owned by sample households. 158

5.18 A Daily green and dry fodder given to inmilk buffalo in Kilogramms. 162

5.18 A1 For buffaloes: Table of analysis of variance for green fodder. 165

5.18 B Quantity of daily green and dry fodder given to inmilch cow in Kilogramms. 167

5.18 B1 For cows: Table of analysis of variance for green fodder. 169

5.18 C Daily concentrates given to inmilch buffaloes in kilogramms. 171

5.18 D Daily concentrates given to inmilch cows in kilogramms. 173

5.19 A Percentage share of different feed and fodder in daily total ration of buffaloes. 176

5.19 B Percentage share of different feed and fodder in daily total ratio of cows. 177

(D)
5.20 Percentage share of home produced feed and fodder in annual total quantity of ration used in annual total quantity of ration used by category of households.

5.21 Per milch animal daily production of milk during lactation period.

5.21 A For buffaloes - table of analysis of variance - yield.

5.21 B For cows - table of analysis of variance - yield.

5.22 Correlation co-efficient between milk yield and different variables.

5.23 Per milch animal production of milk during lactation period.

5.24 Correlation co-efficient between milk production and different variables.

5.25 Average gross Income, Total expenditure and net income per inmilk animal per lactation period.

5.26 Average gross income, total expenditure and net income per inmilk animal per lactation period for cow.

5.27 Estimates of cost and price per litre for buffaloes milk.

5.28 Estimates of cost and price per litre for cow milk.

5.29 Per household Distribution of annual expenditure by items of expenditure by farmsize group. in percentage of total expenditure.

5.30 Per household income utilisation pattern of sample households.

5.30 A Per household income utilisation pattern of sample households by talukas.

5.31 Percentage distribution of total annual net income by source of income.
5.31 A  Percentage distribution of total annual net income by sources of income.  
206

5.32  Frequency distribution of respondents by opinion regarding green fodder.  
208

5.33  Frequency distribution of respondents by difficulties and suggestions obtaining in fodders.  
210

5.34  Frequency distribution of respondents by difficulties in artificial insemination.  
212

5.35  Frequency distribution of respondents by opinion about cattle rearing.  
216

5.36  Frequency distribution of respondents by attitude towards treatment of cattle.  
217

5.37  Frequency distribution of respondents by difficulties and suggestions on cattle treatment.  
218

5.38  Frequency distribution of respondents by opinion about milk yield and its market.  
219

5.39  Frequency distribution of respondents by opinion about the marketing of milk.  
221

5.40  Frequency distribution of respondents by opinion and experience regarding milk producers' co-operative society.  
223
