ACKNOWLEDGEMENT

For this research work, I had indeed been fortunate in being under the tutelage of Dr. N. Haridas, Professor and Head, Department of Biochemistry, Pramukhswami Medical College, Karamsad. I take this opportunity to express my sincere thanks to him for his encouragement, support, valuable suggestions and for his forthright willingness in granting me every facility for expediting this work.

I am greatful to Dr. R.C. Shah, Dean, Pramukhswami Medical College, Karamsad, for permitting me to conduct part of this study.

I thank Lt. Col. Dr. D.B. Ray, Medical Director, Shree Krishna Hospital and Secretary Charutar Arogya Mandal Research Society, Karamsad for arranging for the financial assistance during the latter part of this work.

I am deeply obliged to Dr. O.D. Gulati, ex-Medical Director, Shree Krishna Hospital and Medical Research Centre and ex-Dean, Pramukhswami Medical College, Karamsad for permitting me to conduct the study and for financial assistance during his tenure as Medical Director and Dean.

My sincere thanks are due to my friend Dr. Praveen Bhugra, Assistant Professor, Dept. of Pharmacology, Pramukhswami Medical College, Karamsad for his support, continuing assistance and entical comments on the manuscript. His keen perception and warm understanding provided strength whenever my pen faltered. His constant involvement in my work and critical suggestions brought back smiles to my face in moments of difficulty.

The teaching staff members of the Department of Biochemistry have earned my heartfelt thanks for their lively companionship. My sincere
thanks are due to Mr. Hitesh N. Shah, Tutor, Department of Biochemistry, Pramukhswami Medical College, Karamsad for his cooperation and technical help in the conduction of the study.

I would like to thank the non-teaching staff of the department i.e. Miss Bhavnaben, Messers Mukesh, Gopal, Kalpesh, Arvind, Manojkumar, Prajapati, Dhiru, Chhagan, Manibhai, Thakor, for making themselves available whenever I needed co-operation from them.

I offer my unending gratitude to the female subjects who donated blood samples and answered the questions posed by me, without whose cooperation, this work could not have been completed.

I offer my sincere thanks to my mother, wife, sister and children who were constant source of encouragement and emotional support. Their love has been a pillar of strength during the worst of periods.

Finally, I offer my thanks to Prashant, Vinod and Varsha of Midea Point, Fatehgunj, Baroda for their timely and meticulous typing and laser printing work.
