ACKNOWLEDGEMENTS

It gives me great pleasure to express my deep sense of gratitude and thanks to my guiding Professor Dr. S. M. Shah, Professor and Head, Department of Statistics, Sardar Patel University for his continuous guidance, constant encouragement and constructive criticisms throughout my work for Ph.D. I am also indebted to him for the facilities provided to me in the department.

I am heartily thankful to Principal R. C. Desai, Principal, B. and B. Polytechnic, Vallabhbh Vidyanagar for help and encouragement given by him during my stay at the institution.

I am deeply obliged to Mr. D. S. Kulkarni and Dr. R. K. Jain, the ex and the present incharges of Computer Section of Sardar Patel University, and their staff for their help in computational work.

I thank all well wishers who directly or indirectly helped me in my work.

Finally, my thanks are due to Mr. A. K. Patel for typing neatly and timely this thesis.
