ACKNOWLEDGEMENTS

I have no words to express my deep sense of gratitude to my respected teacher Dr. Datta Madamwar, Reader in Microbiology for his constant help, valuable guidance and immense patience throughout the course of the present study.

My thanks are also due to the following:

* Department of Non-conventional Energy Sources (DNES), New Delhi, for providing financial assistance.

* Professor J.A. Inamdar, Head, Department of Biosciences for providing laboratory facilities and encouragement during my research study.

* Dr. R.M. Ray, Reader in Cell Biology for the help and moral support.

* Dr. K.C. Patel and my lab-mates Vikram Patel, Ujjval Trivedi, Hemant Patel and others for their kind help.

* My family members: Late pappa, mummy, brother, sister in law and sister who were the constant source of inspiration without which this work would not have been completed.
