ACKNOWLEDGEMENT

I express my profound sense of gratitude and indebtedness to my mentor Professor L. M. Manocha, Head, G.H. Patel Institute of Materials Science, Sardar Patel University, Vallabh Vidyanagar whose vigilant guidance, continuous encouragement and parental care have been of much importance during the research work.

My sincere thanks are due to Dr.(Mrs.) S. Manocha, Reader in Materials Science Department who made me aware of many points which are indeed very central to one's understanding of the subject. She gave me a much needed moral support.

I am thankful to Prof. (Mrs.) I.K. Verma and Prof.R. K. Mittal, I.I.T., New Delhi for providing the facilities for mechanical testing of carbon fibers and composite materials.

I am thankful to Dr. R.K. Jain, Scientist, DRDL, Hyderabad for providing facilities for mechanical testing of composites and Mr. K.K. Pandey of Indian Petrochemicals Co. Ltd. for providing the testing facilities for measurement of density of carbon fibers.

I am thankful to Dr.(Mrs.) Kulkarni, Department of Physics, Poona University, Pune, who helped in ESCA analysis of carbon fibers. I am thankful to Dr. M. Wright of Materials Technology Centre, SIU, Carbondale, USA and to Dr. Chatter Singh of I.I.T., Delhi for SEM studies.

I am thankful to Dr. N.M. Batra and Dr.(Miss) R.H. Patel, Lecturer in the Department of Materials Science, Sardar Patel University for some suggestions.

I sincerely thank my friends and colleagues Dr. Ajay Patel, Dr. Hiren Bhatt, Sanjay Shah, Umesh Patel, Deval Y. Vashistha, Nilesh Patel, Ketan Patel, Rakesh Jasrai, Dr.(Mrs.) Ansu Kailath, G.V.R.Joseph and Sabu for their help and support towards successful completion of my research work. Special thanks are due to Mr. Jignesh Patel for his help in photography.
I am thankful to the non-teaching staff, M/s. N.M. Patel, S.A. Barot, R.M. Rana, Piyush Parmar and P.C. Parikh of the Institute for their constant co-operation.

This work was carried out under a project sponsored by Structures panel of ARDB, Department of Aeronautics, DRDO. I am grateful to the Aeronautic Research and Development Board (ARDB) for providing the financial assistance for the work.

I also express my sincere thanks to Prof. V.S. Patel, Prof. M.K. Agarwal, Prof. Yash Dave, Dr.A.K. Ray, Mr. H. G. Patel and Dr. Natraj for their valuable suggestions and help.

I thank my respected uncles and family members for providing me all kind of help and encouragements.

Last but not least I am thankful to my wife Kusum for her co-operation and patience during my entire tenure of research.
