ACKNOWLEDGEMENTS

I express my deepest gratitude to ‘Almighty God’ for bestowing his blessings and being benevolent to me in enabling me to accomplish this great endeavor of life.

I would like to express my sincere and deep sense of gratitude to my supervisor and mentor, Prof. SatyaPrakash Kaushik, Department of Geography, Kurukshetra University, Kurukshetra, whose support and guidance has been a constant source of encouragement in completion of my research work. This thesis would not have been possible without the help, support and patience of my supervisor. I can’t forget his hard times. The years which I have spent in his supervision will remain with me as a marvelous and memorable period in my memory. I will never forget his critical appraisals and soothing words of encouragement and kindness in times when I needed the most. Therefore, I fell honored in expressing my profound gratitude to my mentor.

I express my sense of wholehearted gratitude to my co-supervisor Prof. M.L. Bansal, COAE&T, CCS HAU, Hisar, for his able and expert guidance, active cooperation, and constant motivation for the completion of my research work. His helping attitude, spirit of cooperation, commendable administrative skills and exemplary counseling always made things easier to access and manage. It has been my proud privilege to work under his priceless supreme guidance.

I express my thanks to Prof. M. S. Jaglan, Chairman, Department of Geography, for being considerate towards my work and providing facilities all through my tenure as a research student. My deep gratitude and respect are due to Dr. Omvir Singh, Dr. Rajeshwari, Dr. Suman Chouhan and Dr. Anju Gupta, faculty members of the Department of Geography, Kurukshetra University, Kurukshetra for their guidance, friendly attitude and support for this research.

I am also thankful to Mr. Virender Dahiya and all the non teaching staff of the Department of Geography K. U. Kurukshetra, and COAE&T, CCS HAU, Hisar for their cooperation and help during this work. I also wish to express my profound gratitude to Haryana Space Application Center, Hisar and Chaudhary Charan Singh Haryana Agricultural University, Hisar for cooperation and helps.

I am highly thankful to Mr. L. C. Chouhan (SSI, MCF), and Mr. Anil Mehta (Executive Engineer, SWM, MCF) for providing me necessary support and help for this research.

I deeply appreciate the help extended by Mr. Anil Kumar, Mr. Ravinder Jangra, Gulshan and Ms. Archna Tyagi for their support, co-operation, and valuable encouragements from time to time.
Words are short to express my deep sense of gratitude towards my parents, my mother Kamlesh and father Tek Ram who has scarified lot of time for me and always stood by me like a pillar in times of need and to whom I owe my life for her constant love, encouragement, moral support and blessings. Special thank to my younger brother Balram Yadav and my sister Kanchan and Komila also encouraged and provided me moral support to complete my research work.

Finally, I would also like special thanks to my husband Rishikant who always supported and encourage me to accomplish this research work. It would not have been possible to finish this work without his support. Thanks to my little son, Samar, his playful moves and activities, kept me cheerful and liberate my stress. Additionally, I would like to thank my mother and father-in-law Kamla and late Partap Singh Yadav and my sister-in-law Sanju and Manju for their role in encouraging me to finish my research work.

I gratefully acknowledge Mr. Rajeash and Neha for their inspiration throughout my research work and lifting me uphill this phase of life.

I am thankful to all the staff members of the GHS Mehanda, for their cooperation during this research.

I would like to thank everybody who was important to the successful realization of thesis, as well as expressing my apology that I could not mention personally one by one.

Kokila Yadav
