ACKNOWLEDGMENT

I start with the name of “Almighty God” who turns my arduous task to a feeling of pleasant journey of my life. I bow my head before Him. Emotions cannot be adequately expressed in words because emotions are transformed into a mere formality. Hence, my acknowledgements are many times more than what I am expressing here.

I invoke to enunciate my reverence to Dr. Shant Lal, Professor & Head, Department of Horticulture and Chairman of my Advisory Committee, for didacticism of this problem, architectonic elucidations and befitting counsels throughout the course of investigation and preparation of the manuscript. I must acknowledge the natural flow of precious experiences, I perceived in all dimensions of the life in his enlightening association.

I am immensely beholding and deeply indebted to the members of my Advisory Committee, Dr. Santosh Kumar, Professor, Department of Horticulture, Dr. Dinesh Kumar Singh, Professor, Department of Vegetable Science, Dr. Ajay Kumar, Assistant Professor, Department of Horticulture, for their full-fledged cooperation, able guidance and valuable suggestions during the whole course of this investigation and preparation of this manuscript.

A debt of gratitude is owed to Hon’ble Vice-Chancellor, Dean, College of Agriculture; Dean, College of Post Graduate Studies; Director Experiment Station, Joint Director, M.F.C., and Chief Librarian and Dr. H.S. Chawla, Professor & Head, Department of Genetics & Plant Breeding, for providing necessary facilities and kind help during study period and research work.

I consider it a great privilege to record my respect and indebtedness to the faculty members of the department. I express my profound sense of gratitude to Dr. K.K. Misra, Dr. Ranjan Srivastava, Dr. Prabhat Kumar, Dr. S.K. Maurya, Dr. K. Saxena and Dr. B.K. Banerji (Head, Flori. section, NBR, Lucknow) who made their presence for selfless help with incessant encouragement during this period.

I wish to extend my sincere thanks to non-academic staff, Department of Horticulture and M.F.C. especially to Mr. Prabhakar Joshi, Mr. Shailendra Sharma, Mr. G.S. Rastella, Raju, Hari Ram and Rajveer, for their constant help and cooperation throughout the course of investigation.

I feel extremely grateful to express my profound regards stupendous gratitude beyond accountability to Chairman, University Grants Commission, New Delhi and Dr. Jaspal Singh, Hon’ble Vice-Chancellor, Punjabi University, Patiala, for sponsoring me as Teacher Fellow under Faculty Improvement Programme of UGC to carry out my Ph.D. study at G. B. Pant University of Agriculture and Technology, Pantnagar.

The love, affection, encouragement and guidance extended to me by my colleagues, Department of Botany, Punjabi University, Patiala mattered a lot during the course of my study. Unforgettable thanks also goes to Dr. M.I.S. Saggoo for the throughout inspirational encouragement.

Diction is not enough to thank where words cease to mean, lexicon could not have the words to express the affection, blessings, encouragement, inspiration, sacrifice and love of my beloved father Late Principal Sh. J. D. Kapoor and mother Smt. Kamlesh Kapoor, sisters, brother and my in-laws without whom I would have never come to this proliferative stage and engaged myself in career building.

In expressing my innate feelings and thoughts, gray matter has brought me to the turning point where my lexicon fails to provide me adequate words to elucidate the deep sense of reverence to my wife Mansi, my lovely sons Bhavya and Anshuman for their numerous sacrifices, unfailing prayer and constant encouragement with tremendous understanding in every aspect during the study period.

It is indeed a pleasure to acknowledge the love, inspiration, encouragement, selfless help and cheerful company of my batch-mates. I would be thankful to all my seniors and juniors for the generous help received by me from them. I feel short of words for expressing the affection, unending encouragement and moral support given by my all close friends Arun Chopra, Harry Sidhu, Brij Mohan, Manjit Singh, Arif Khan, Vikrant Singh, Rahul Tyagi and Chander Mohan.

At last, I would like to convey my grateful thanks to all those persons whose name could not find a separate place but have helped me directly or indirectly to see my dreams come true.

Pantnagar
