ACKNOWLEDGEMENT

It may be acknowledged that a study of the research work cannot be completed without the constant help and encouragement from various people to whom I owe a sincere debt of gratitude. First and foremost, with great pleasure and reverence, I express my deep sense of gratitude to my supervisor Dr. M.S. Chahar, Principal, C.R. College of Education, Rohtak for his valuable guidance. His indefatigable fact finding zeal was a source of constant inspiration. In fact, but for his painstaking supervision and inspiring discussion this thesis would have never attained this stage. It has been indeed an extreme privilege and one of the most rewarding experience of life to have been associated with a persons of his caliber.

My sincere thanks are also due to Dr. (Mrs.) Indira Dhull, Professor, Head and Dean, Department of Education, M.D University, Rohtak for her constant unfailing interest in monitoring the progress of my study. She saved me from many technical hassles by her timely advice.

It is my great privilege to express my sincere gratitude to Late Dr. (Mrs.) Santosh Goyal, Sr. Lecturer, C.R. College of Education, Rohtak for her ever stimulating valuable supervision, constructive suggestions and encouragement in preparation of this research work.

I am also thankful to all the academic and administrative staff of C.R. College of Education, M.D. University, Rohtak for their cooperation and help at various stages of this work.

I gratefully acknowledge my indebtedness to the head teachers and teachers of different schools who permitted me for the collection of data.

It is a unique privilege to express my veneration to all my family members who deserve more than a written acknowledgment throughout
the process of work and who bestowed their pious blessing, incessant encouragement and financial support for my higher academic pursuits.

I would like to have a special word of appreciation here for the support that I have received from Mr. Raju Pahwa without whose help, it is very difficult to attain the success of completion of this study.

Last but not the least, I must confess that the completion of this work and even carrying out of this work would have been impossible without the encouragement, moral support and cooperation by my husband Mr. Sawan Ahlawat and my children Master Ranveer and Master Ranvijay.

Above all, I thank almighty God, for showering his blessing upon me.
