Acknowledgement

I offer my deepest sense of gratitude and special affection first and foremost to my mentor and research supervisor Prof. Dr. Vilas A. Tabhane, D.Sc. for his unlimited, excellent guidance, encouragement followed by suggestions and comments. The convenient working environment he has created is greatly appreciated. It is great privilege to have worked with him.

I would also like to express my sincere gratitude to Co-Supervisor, Dr. Habib M. Pathan, for introducing me to the diverse and dynamic field of photovoltaics and especially to one of its interesting inventions, the nanostructured dye sensitized solar cell. His constant support and guidance during the most challenging times of this work were much appreciated.

I would like to deeply thank Prof. S. I. Patil, Head, Department of Physics, Savitribai Phule Pune University (SPPU), for his invaluable support, guidance and allowing me to avail all the facilities in the department.

I would like to extend a very special thanks to Prof. Dr. Kakasaheb Mohite, Dean, Science Faculty, SPPU, Dr. Keshav Deshmukh, Principal, Sangamner College, Sangamner, Prof. Rangnath Pathare, Prof. T. N. Kanawade, Principal, Rajur College, Dr. Ashok Chaskar, Dean Arts and Humanities, SPPU, for their continual and invaluable support and advice. I benefited much from their help and guidance.

It is my pleasure to express my due thanks to Dr. Sanjay Malpani, Chairman, and all the office bearers of the Shikshan Prasarak Sanstha, Vice Principals, HoDs, all teaching and nonteaching staff of S. N. Arts, D. J. M. Commerce and B. N. S. Science College, Sangamner, for their support and encouragement.

I would also like to acknowledge University Grants Commission for FIP fellowship and financial support. Also, NCL, C-MET, Department of Physics, Shivaji University, Kolhapur and Department of Chemistry and School of Energy Studies, SPPU, for characterization assistance.

Special thanks to Prof. Dilip Joag, Dr. Kiran Adhi, Prof. Sanjay Dhole, Prof. Mahendra More, Prof. Sandesh Jadkar, Prof. Suresh Gosavi, Dr. Nandu Chaure, Dr. Srikrishna Sartale, Dr. Vikas Mathe and their research groups for allowing me to use the equipments in their laboratory and for their help and guidance.

I would also like to extend very special thanks to my friends Mr. M. B. Rajendra Prasad, Dr. Shashikant Gunjal, Dr. Ravi Bulakhe, Mr. Anil Kulkarni.
and Dr. Pranav Bardapurkar. They all assisted me in so many things during this work. With Rajendra Prasad, I had powerful day-to-day interactions, where he was a source of incredible knowledge and unending passion for solar energy research.

I would like to thank Dr. Ravindra Tasildar, Dr. Anirudhha Mandlik, Mr. Sachin Baheti, Mr. Sharad Sawant, Mr. Maruti Kusmude, Mr. Maruti Waditke, Dr. Rajendra Waman, Mr. Baban Chavan, Mr. Pralhad Deshmukh and Mr. Uttamrao Kharde for their continued support.

I also wish to thank Dr. Pandit Shelke, Dr. Bharat Raskar, Dr. Ashok Datir, Dr. Nandkumar Mandlik, Dr. Kailas Sapnar, Dr. Yogesh Kholam, Dr. Alka Deshmukh, Dr. Haribhau Gholap, Mr. Satish Ekar, Mr. Shivaji Bhosale, Mr. Sandeep Kakade and Dr. J. D. Desai for their ever-ending support.

I am also thankful for all the friends, Mohanrao Mandke, Ravi Ingle, Vishal Pandit, Yusuf, Niyamat, Vishal Kadam, Sachin Mukhamale, Subhangi, Puja, Nitin, Abhijeet and all members of the Advanced Physics Laboratory. They have made my time here unforgettable.

Today I feel lucky to have this opportunity to thank my beloved parents, Akka and Dada. Thank you is a small word for you both because, you have been my strength, my devotion. Without any resources and without any caliber in me, you showed tremendous faith in me and encouraged me every second. Without you both it was never possible and will not be ever in future. I am lucky to give you this day.

I would like to express my deepest love to my wife Darshana and nephew Reejul: to my wife for being always by my side, supporting me, being a mountain of strength for me to lean on and whose complaints remained outside the range of audible limits during the course of research and to Reejul, for the person he inspires me to become.

Tremendous thanks to my sister Sonali, who has always inspired me. I truly appreciate the love and affection from my daji Datta, sister Sheetal and all my family members for their encouragement and unlimited help during the whole work both emotionally and physically.

Last but definitely not least, my past and present students of Sangamner College, who inspired me to learn a lot and spread knowledge unto the last.

Sandeep Annasaheb Arote
