Chapter-2. Review of Related Literature

2.0. Introduction 23  
2.1. Information Concepts, Needs, Seeking Behaviour and Generation 25  
2.2. Information Communication and User Studies of Engineering/ Technological Personnel 38  
2.3. User Studies related to the Research Topic 43  
2.4. User Studies Conducted in India 49  
References 55

Chapter-3. Engineering And Technical Education In India With Special Reference To Karnataka 65-85

3.1. Introduction 65  
3.2. Engineering and Technical Education 65  
3.2.1. Concept and Definition 67  
3.2.2. Purpose 68  
3.3. Objectives of Technical and Engineering Education 68  
3.4. Need for Technical Education 69  
3.5. History and Development of Technical and Engineering Education in India 70  
3.5.1. Before Independence 70  
3.5.2. After Independence 73  
3.6. Growth of Technical Education in Karnataka: A Statistical Profile 76  
3.6.1. Before Re-Organisation 76  
3.6.2. After Re-Organisation 78  
3.7. Role of Libraries in Engineering and Technical Education 79  
References 83

Chapter-4. Information Generation and Communication 86-126

4.1. Information System 86  
4.1.1. Introduction 86  
4.1.2. Data, Information and Knowledge 87  
4.1.3. Information Definition 87  
4.1.4. Information Types 90  
4.1.5. Information – A Vital Resources 91  
4.1.6. Information System 91  
4.1.7. Information Users 93  
4.1.8. Information Sources 93  
4.1.9. Agencies of Information Sources 94  
4.2. Information Communication System 95
5.3. Types of Institutions
5.4. Users
5.5. Working Hours
  5.5.1 Average Daily Attendance
5.6. Personnel Working in Engineering College Libraries
5.7. Academic and Professional Qualification of the Librarians
5.8. Physical Facilities
5.9. Library Committee
5.10. Library Collection
  5.10.1. Books Collection
  5.10.2. Current Periodicals
  5.10.3. Back Volumes of Periodicals, Reports and Standards
  5.10.4. Non Book Materials and Electronic Resources
5.11. Financial Resources
5.12. Computers and Software’s
  5.12.1. Library Automation
  5.12.2. Activities covered in the Automation
  5.12.3. Library Software Packages
  5.12.4. Computer and its Accessories
5.13. Organization of Reading Materials
  5.13.1. Classification System Used
  5.13.2. Cataloguing Codes Adopted
  5.13.3. Circulation Section
5.14. Services Offered
  5.14.1. Internet and Its Use
  5.14.2. Library Membership to Network
  5.14.3. Library Membership to Consortia
5.15. Librarian Feed Back and Plan to Introduce New Services
5.16. Conclusion

Chapter-6. Data Analysis and Interpretations 168-252
6.0. Introduction 168
6.1. Teachers Personal Information 169
  6.1.1. Gender wise Distribution of the Respondents 169
  6.1.2. Age of the Faculty Members 170
  6.1.3. Educational level of Teaching Faculty 170
6.2. Information Generation 171
  6.2.1. Details of Successful Guidance of Research Activity by the Engineering Faculty 171
6.2.2. Research Projects Carried out by Engineering Faculty

6.2.3. Frequency of use of Information sources by engineering faculty

6.2.4. Extent of Use of Information Sources by Engineering Faculty

6.2.5. Reason for Information Generation by Engineering Faculty

6.2.6. Sources of Inspiration for Engineering Faculty to Generate Information

6.2.7. Sources of Information used by Engineering Faculty for Information Generation

6.3. Factors Influencing Information Generation among Engineering Faculty

6.3.1. Helpful factors

6.3.2. Unhelpful Factors

6.3.2.1. Influence of Domestic Factors on Information Generation among Engineering Faculty

6.3.2.2. Influence of Academic and Official Factors on Information Generation among the Engineering Faculty

6.4. Communication of Information

6.4.1. Information Communication by Publishing articles by Engineering Faculty

6.4.2. Information Communication in the form of Writing Books by Engineering Faculty

6.4.3. Information Communication in the form of Presenting Papers at Seminars and Conferences by Engineering Faculty

6.4.4. Use of Communication Pattern among Engineering Faculty

6.4.5. Communication Barriers encountered by Engineering Faculty

6.4.6. Involvement of Engineering Faculty in Informal Communication Pattern

6.4.7. Frequency of Communication with the category of people by Engineering Faculty

6.5. Awareness of Library Services and its Usage

6.5.1. Access Tools used for locating Reading Materials by Engineering Faculty
