ACKNOWLEDGEMENTS

I express my deep sense of gratitude and indebtedness to my Research Supervisor Dr. C.L. Duggal, M.Sc. (Pb.), Ph.D. (London), D.I.C., Reader, Department of Zoology, Panjab University, Chandigarh, who gave his indispensable time in guiding the present work by way of giving suggestions, constructive criticism and much needed encouragement. His inspiration and expert supervision have been instrumental in achieving this form of presentation.

I wish to express my sincere thanks to Dr. (Mrs.) U. Kanwar, Chairperson, Department of Zoology, Panjab University, Chandigarh, for providing the necessary laboratory and other infrastructural facilities.

My sincere thanks are due to Prof. S. Khera, who was kind enough to go through the final manuscript and gave valuable suggestions.

My appreciations are also due to Dr. N.R. Kalha of the Department of Bio-Physics for valuable discussions.

Thanks are also due to my fellow research workers and friends for their help in many ways.

My grateful thanks are due to the faculty members, technical and administrative staff for extending help in many ways during the course of research work.

Last but not least, deep indebtedness and gratitude are recorded for my dear husband Sushminder Singh, cute and joyful sunny Master Abhijit, father Waryam Singh Dhotian, brother Harman and other family members on parental and in-laws side without whose help the presentation of this research work would have not been possible.

The financial help rendered by the CSIR is duly acknowledged.
