INTRODUCTION

1.1 Background

1.2 Role of the Small Scale Sector in India

1.3 Types of small scale industries found in India
   1.3.1 Micro and Macro

1.4 Problems Faced by SSI (Small Scale Industries) in India

1.5 Background of Pune
   1.5.1 Demographic Characteristics of the city
   1.5.2 Industrial Background of Pune City
   1.5.3 Industrial development in Pune
   1.5.4 Administrative Set-up of Pune City
   1.5.5 Industrial Safety

1.6 Statement of the problem
   1.6.1 Industrial Scenario
   1.6.2 Health Scenario
   1.6.3 Indian Legislative Measures
   1.6.4 Social Aspects of OHS (Occupational Health and Safety)
   1.6.5 The Legal Aspects
   1.6.6 The Compensation Mode

1.7 Occupational Safety and Health Status in other countries
   1.7.1 U.S.A.
   1.7.2 Germany
   1.7.3 Canada
   1.7.4 Sweden
1.8 Scenario of Industrial Safety in Pune

1.9 Objectives and Hypothesis
    1.9.1 Objectives
    1.9.2 Justification of the Objectives
    1.9.3 Statement of hypothesis

1.10 Research Methodology
    1.10.1 Classes of Respondents
    1.10.2 Universe & Sample Size
    1.10.3 Method of Sampling
    1.10.4 Justification of Sampling Method
    1.10.5 Sources of Data Collection
    1.10.6 Methods of Data Collection
    1.10.7 Techniques of Analysis of Data

1.11 Limitations of the study
