I would like to thank my guide, Prof. Sanjeev A. Sonawane, for providing a learning environment that has been ideal for me. Thanks for always asking the questions I didn't think of and for always challenging me to do even more. Thanks for giving me so many opportunities to grow.

I am extremely thankful to all the students from various schools in Pune, who participated in this study. Many thanks go in particular to the Physical Education teachers and the Principals of those schools for allowing me to gain access to the required information. The pre-service teachers and the Principal of C Agashe College, Dr. Nayana Nimkar are duly acknowledged for their contribution in the form of information provided and permission granted to collect data respectively in this work.

I am greatly indebted to the panel of experts that included Dr. Sonawane, Dr. Agashe, Dr. Deshpande and Dr. Naik whose timely advice and suggestions proved most valuable in developing the attitude scales. The development of scales is a major contribution of this work.

It is a pleasure to thank the HOD Dr. Shejwal and the Department of Physical Education, University of Pune which is my work place, and which provided for a constant challenge and inspiration to embark upon such a demanding task.

Lastly I want to thank my family and also Shraddha Naik without whose support, love and constant encouragement, this work would be meaningless and incomplete.
