ACKNOWLEDGEMENT

I express my whole hearted deep sense of indebted gratitude to my guide, Principal Dr. Nayana Nimkar, for her keen interest, constant inspiration, value scholastic/guidance, encouragement and sympathetic attitude and for providing a learning environment that has been ideal for me.

I am also thankful to Dr. Mahdi Talebpour for putting me in a situation of challenge to bring out my efficiency more and more. I am highly obliged to him for giving me so many opportunities to grow.

I am greatly indebted to Dr. Vishnu. U. Pethkar who had spent quality time with me for discussing things about my thesis to bring the correct and exact result out of it and also the panel of experts that included all the staff and faculty members in Department of Physical Education in University of Pune and the timely advice and suggestions given have proved most valuable in developing the attitude scales.

It is a pleasure to thank the HOD Dr. Shejwal and the Department of Physical Education, University of Pune which is my research place, and which provided for a constant challenge and inspiration to embark upon such a demanding task.

Lastly, I would like to thank my mother, my father and my family, without their support, love and constant encouragement, this work would be meaningless and incomplete.

I wish to express my deepest sense of gratitude to Ms. Induoshankar who has directly or indirectly supported me in completing my research work and also all my friends who helped me in completing my thesis successfully.
