ACKNOWLEDGEMENTS

The author deems it a matter of great pleasure in expressing his heartfelt gratitude and sincere thanks to Dr. P. V. V. Satyanarayana M.Sc., Ph.D., Professor, Dept of Chemistry, Acharya Nagarjuna University, Nagarjuna nagar for his inspiring and invaluable guidance and constant encouragement throughout the period of his research work.

The author also takes this opportunity to thank Prof. B. Syamsundar, Principal, University College of Sciences, Acharya Nagarjuna Chemistry, Nagarjunanagar for his encouragement.

The author also expresses his gratitude Prof. B. Kesava Rao, M.Sc., Ph.D., H.O.D., Department of Chemistry for his encouragement.

The author also takes opportunity to convey his grateful thanks to his colleagues.

The author also expresses his gratitude to his Mother, Brother, Sister and all the well wishers who gave their moral support.

Finally the author strongly feels that it is most befitting and appropriating to mention the name his beloved wife Dr. G. Ch. D. Nagalakshmi, M.D.(Ayu), Lecturer, Dr. N. R. S. Govt. Ayurvedic College, Vijayawada Who has always been a source of constant encouragement and inspiration to him. Further without the affectionate cooperation, tolerance and assistance from of his beloved wife, the presenting work would not have come to this stage. Hence the author sincerely thanks her. The author also thanks his daughter and son.

S. SRINIVASA RAO
