LIST OF FIGURES

Figure 1: Standard curve of extinction against BSA concentration. 115
Figure 2: Standard curve of extinction against glucose concentration. 117
Figure 3: HPTL chromatogram of AS1 from T. aphrodisiaca. 136
Figure 4: Standard curve of mean area against amount of AS1. 137
Figure 5: HPTL chromatogram of acid hydrolysed methanol extract of aerial parts of T. aphrodisiaca. 138
Figure 6: Recovery plot for AS1. 139
Figure 7: Anti-anxiety activity of AS1 using hole board test. 140
Figure 8: Anti-anxiety activity of AS1 using light/dark test. 141
Figure 9: Anti-anxiety activity of AS1 using mirrored chamber test. 142
Figure 10: Sedative activity of AS1 using actophotometer. 143
Figure 11: Anticonvulsant activity of AS1 in MES-induced convulsions test. 143
Figure 12: Antidepressant activity of AS1 in despair swim test. 144
Figure 13: Antistress activity of AS1 in cold swimming endurance test. 144
Figure 14: Analgesic activity of AS1 in tail immersion test. 145
