FIGURES

I.A   Types of Pain 3
I.B   Anatomy of sacrum 8
I.C   Anatomy of Transversus 17
III.A The sampling division for pilot study of cricketers 63
III.B The sampling division for main study of cricketers 64
IV.A Means of Age, body Mass, Height, Body Mass Index for cricketers in different groups 81
IV.B Pretest- Posttest Percentage of disability for cricketers 83
IV.C Pretest- Posttest Percentage of percentage of pain rating index for cricketers 85
IV.D Pretest- Posttest Percentage of Visual analogue scale for cricketers 87
IV.E Pretest- Posttest Percentage of Present pain Intensity for Cricketers 89
IV.F Liner regression for interaction between the pretest and posttest of back pain disability 92
IV.G Liner regression for interaction between pretest and posttest of PRI 96
IV.H Liner regression for interaction between pretest and posttest of VAS 100
IV.I Liner regression for interaction between pretest and posttest of PPI 103
