ACKNOWLEDGEMENTS

I feel short of words in thanking my venerable supervisor, Professor (Dr.) S.P. Vij, an internationally renowned Orchidologist, whose constant motivation, constructive ideas, critical analysis, total involvement, and inspiration to work hard and set high targets, actuated me to learn a lot during my research period in his laboratory. I am indebted to him for meticulously examining my manuscript despite his extremely busy and tiring schedule of Chairmanship. I am also obliged to him for allowing me access to his unpublished data and personal research literature.

My sincere thanks are due to Professor (Dr.) S.P. Vij, Chairman, Department of Botany, Panjab University, Chandigarh, and his predecessor Professor (Dr.) K.K. Dhir, for providing me with the essential laboratory facilities.

Special words of thanks go to Mrs. Usha Vij for her affection and incessant encouragement.

Thanks are due to Dr. A.S. Chauhan, Director, BSI, Gangtok, for extending help for collection of one of the materials. I also gratefully acknowledge the goodwill and help extended by a number of scientists and commercial growers during the various collection tours.

I am grateful to Drs. Promila Pathak and Parminder Kaur for their guidance, and constant encouragement and affection shown towards me.

It is with pleasure that I thank my trustworthy and ethical friends (Anjuli, Venu, Kamal and Rakesh), and my amicable and supportive lab colleagues (Anoopama, Sapna, Saran, Ashish, Simmi, Kanika, Dev Manjiri, Sanjay and Jaspreet), all of whom have a contribution in making my tenure in the department a cherished one.

Timely help extended by Mr. Dev Raj Rana and Mr. G.P. Wadhawa is sincerely appreciated.

Finally, I wish to express my deep appreciation to my parents, brother Anuraag and his wife Veera, and my in-laws, for their boundless affection and patiently enduring the many weekends and evenings that were devoted to writing and final compiling of this manuscript. My husband, Hardeep, played a pivotal role in guiding me during the typesetting of the manuscript and also buoying my spirits even in the lowest moments, when there was often too much to do. Without his cooperation and support this stupendous task could not have been completed.

Financial assistance from the Council of Scientific and Industrial Research (CSIR), Govt. of India, is very gratefully acknowledged.

Dated: 25.2.99
