ACKNOWLEDGEMENTS

I express my deep sense of gratitude and indebtedness to my research guide Dr. R.M. Ranganath, for his invaluable guidance throughout the completion of this work.

I owe my profound feelings of gratitude to Prof. D. Shivaramakrishna, Chairman, Department of Botany, Bangalore University for his inspiration and encouragement to carry out my research work in Department of Botany.

I gratefully acknowledge Dr. Y. Ramamohan, Additional Professor, Electron Microscope Laboratory for providing the TEM facilities. I also express my sincere and heartfelt thanks to Dr. N. Gayathri, Mrs. Hemavathy Umakanthan, Satish and Ramesh, whose suggestions, help and assistance was critical for the completion of Electron microscopy work.

I am also grateful to Dr. P.R. Nanjunda Gowda, Director, P.G. Centre, Kolar for his encouragement and various courtesies extended during the course.

I would also like to express my sincere thanks to Prof. M.C. Gayathri and Dr. D.H. Tejavathi, for their help and encouragement respectively.

My sincere thanks are also due in this regard to my friends, my labmates, research scholars in Department of Botany, especially Rangaswamy and Gopal for their generous support and timely help.

I remain thankful to the library officials of Indian Institute of Science, Tata Institute of Fundamental Research and University of Agricultural Sciences, Bangalore for permitting an unrestricted use of their esteemed library facilities.

I am especially grateful to my family members for their unparalleled support and I also remain thankful to one and all who have helped me directly or indirectly during the course.

T.G. Umesh
