# CONTENTS

## I. INTRODUCTION

- Historical Background Of Assertion .......................... 1
- Concept Of Assertion ........................................ 4
- The Three Response Styles .................................... 6
- Situational And General Non-Assertiveness .................. 11
- Affect Of Socialization On The Development Of Assertive Behaviour ........................................ 13
- Characteristics Of Assertive Behaviour ....................... 16
- Rights ..................................................................... 19
- Responsibilities And Obligations ............................... 23
- Conclusion ............................................................. 26

## II. REVIEW OF RESEARCH

- Sex Differences In Assertiveness ............................... 28
  - i) Sex differences in socialization .......................... 28
  - ii) Sex differences in the ability to respond assertively ..... 30
  - iii) Perceptions of differences in assertive behaviour ...... 31
- Some Studies On Assertive, Aggressive And Unassertive Behaviour ........................................ 34
- Interpersonal Effects of Assertiveness ......................... 36
- Self Reported Differences In Assertiveness .................. 39
- Assertiveness And Marriage ..................................... 40
- Effects Of Training To Be Assertive ............................ 41

## III. PLAN OF THE STUDY

- Need For Scale Construction And Development ............... 44
  - Phase I: Construction Of The Assertion Scale ............. 50
  - First try out .................................................. 51
  - Revision of the scale and second try-out .................. 54
  - Reliability ..................................................... 56
  - Validity ....................................................... 59
  - a) Face validity ............................................. 59
  - b) Factorial validity ....................................... 64
  - Norms .................................................................. 68

## IV. ASSERTION AS RELATED TO LOCUS OF CONTROL, NEED FOR APPROVAL AND PERSONALITY

- Phase II: Locus Of Control ....................................... 74
- Locus of control and assertion ................................... 80
- Need For Social Approval ....................................... 83
- Need for approval and assertion ............................... 90
Personality
  a) Extraversion 92
  Extraversion and assertiveness 98
  b) Neuroticism 99
  Neuroticism and assertiveness 101

Assertiveness And Culture 102
  Some related research 102
  Inter-cultural variations within India 106
  Historical perspective 106
  Aryan versus Dravidian culture 110
  North India versus South India (cultural differences) 111

V  METHODOLOGY
  Aims Of The Study, 116
  Hypotheses 117
  Design 126
  Sample 126
  Instrumentation 127

VI  RESULTS AND DISCUSSION
  A. Statistical Analysis 133
  B. Discussion Of Results 152

SUMMARY AND CONCLUSIONS 183
