List of Tables

I  Validity Indices Of The Items Of The Assertion Scale
II  r pbis Values For The Items Of The Assertion Scale
III Mean Scores Of Face Validity Responses For Items Of The Assertion Scale
IV A Comparison Of Percentages Of Assertive Responses For Extreme Groups Of Assertiveness
V  Factor Analysis Of The Items Of The Assertion Scale
VI Cumulative Frequency Percentage For Assertiveness Scores
VII The Eleven Point Scaled Scores System And Its Application To Scores On Assertiveness
VIII Means And SDs For Scores On Assertiveness For Total Sample And The Sub-Groups Of North-Working, North-Non-Working, South-Working And South-Non-Working Women
IX  A 2x2 ANOVA Of Working/Non-Working And Northern/Southern Women On The Variables Of (i) Assertiveness (ii) Locus Of Control (iii) Need For Social Approval (iv) Personality (N,E,L)
X  A Sub-Sample Analysis Of The Extreme Groups Of Assertion For (i) Locus Of Control (ii) Need For Social Approval (iii) Personality (N,E,L)
XI  Inter-Correlation Matrix For The Scores Obtained On Assertiveness, Locus Of Control, Need For Approval and N,E,L For The Total Sample (N = 400)
XII Inter-Correlation Matrices For Working and Non-Working Women For Scores On Assertiveness, Locus Of Control, Need For Approval, N, E, and L
XIII Inter-Correlation Matrices For North Indian/South Indian Women For Scores On Assertiveness, Locus Of Control, Need For Approval, N, E, and L
XIV Inter-Correlation Matrices For North-Working and North-Non-Working Women For Scores On Assertiveness, Locus Of Control, Need For Approval, N, E, and L
XV Inter-Correlation Matrices For South Working and South-Non-Working Women For Scores On Assertiveness, Locus Of Control, Need For Approval, N, E, and L
XVI Step-Wise Regression Equation (N = 400)
