Acknowledgements

Working on the Ph.D., has been a wonderful and often overwhelming experience. It is hard to say whether is has been grappling with the topic itself which has been the real learning experience, or grappling with how to write papers and proposals, give talks, work in a group, stay up until the birds start singing, and stay focus . . . .

In any case, I am indebted to many people for making the time working on my Ph.D. an unforgettable experience. So, with great pleasure I would like to express my gratitude to all who have contributed to this thesis.

First of all, I am deeply grateful to my guide Dr. B.J. Gireesha, Assistant Professor, Department of Mathematics, Kuvempu University, Shankaraghatta, whose encouragement, guidance and support from the beginning to the end, enabled me to develop an understanding of the subject. With his enthusiasm, inspiration, motivation, constant encouragement and suggestions, meticulous care and unfailing interest shown at different stage of my work. Without his help, support and patience, it would not have been possible to complete the work.

I express my deep sense of gratitude to my teacher and co-guide Prof. C.S. Bagewadi, Department of P.G. Studies and Research in Mathematics, Kuvempu University, for his warm encouragement and thoughtful guidance.

I am extremely grateful to my teachers Dr. S.K. Narasimhamurthy, Sri. Gnanendra Prabhu and Dr. Venkatesha, Department of P.G. Studies and Research in Mathematics, Kuvempu University for their valuable suggestions and kind co-operation throughout my work.

I extend my special thanks to Dr. Siddabasappa, Dr. H.G. Nagaraja, Dr. B.C. Prasanna Kumar, Dr. P. Venkatesh, Dr. Madhura, Dr. Nirmala, Dr. D.G. Prakash, Dr. Mahesha, Dr. G. T. Sreenivasa, Dr. S.T. Aveesh, Dr. Pradeep Kumar, Dr. Anjan Kumar, Dr. C.S. Vishalakshi, Dr. H.J. Lokesha and Dr. G.N. Latha Kumari for many valuable suggestions and discussions which are indeed helped to improve the thesis.

It's my pleasure in expressing grateful thanks to my friends and fellow researchers:
G.K.Ramesh and S.Manjunatha who have lent considerable research support. I am very much grateful to my research friends D.M.Vasantha, Ajith, P.T.Manjunatha, K.T.Pradeep Kumara, Mallikarjuna Y.Kumbar, N.G.Rudraswamy, S.R.Ashoka, G.M. Pavithra, Gurupadavva, B.S.Anitha, M.C.Bharathi, M.Ramesh, Naveen, Mahanthesha, Kavya, Chethana and Krishnamurthy, for their good wishes. Also my sincere thanks to all my colleagues and friends who have directly or indirectly helped me for completion of my thesis.

My special thanks to Smt.Ambika, Sri.Basavaraju, Annapurnamma and office staff, Department of Mathematics, for their valuable help.

I would like to express my heartfelt gratitude towards Smt.Shobha Gireesha, Smt. Shobha Venkatesh, Dr.Anand, Parvathi Anand and my friends Deepak and Shubha for all the emotional support and care provided by them.

I thank the staff of Kuvempu University Library and Library of IISc, Bangalore for providing very useful information for my research work.

I express my thanks to Department of Science and Technology (DST), New Delhi for the financial support during my research work leading to Ph. D. degree under meritorious fellowship.

Words can not express how grateful to my husband Sri.Hemesha H.N. for all of the sacrifices that they have made on my behalf. He give me a infinite support during course of my work. It would not have been possible to carry this research endeavor without the encourage assistance of my family members. I am very much grateful to my father, mother, father-in-law and mother-inlaw for their moral support. Also, I take this opportunity to remember my sisters and brother for their constant inspiration throughout my carrier.

Finally a word of thanks to all those who have directly and indirectly helped for bringing this report in the present form. I would like to extend my sincere thanks to all of them.
