List of Figures

Chapter II

Fig 2.1 Risk of bias graph ................................................. 40
Fig 2.2 Risk of bias summary ............................................. 41

Chapter IV

Fig 4.1 Participants flow diagram ........................................ 54
Fig 4.2 Baseline comparison of hsCRP between groups .......... 56
Fig 4.3 Baseline Fasting Blood Glucose across groups .......... 60
Fig 4.4 Baseline Total Cholesterol across groups .................. 60
Fig 4.5 Baseline Triglycerides across groups ....................... 61
Fig 4.6 Baseline LDL-Cholesterol across Groups ................. 61
Fig 4.7 Baseline HDL-Cholesterol across groups ................. 62
Fig 4.8 Change in hsCRP at baseline and post intervention ...... 64
Fig 4.9 Percent change in hsCRP across groups ................. 65
Fig 4.10 Percent change in hsCRP with sensitivity analysis ...... 66
Fig 4.11 Concentration of hsCRP based on BMI Categories ...... 75
Fig 4.12 Relationship between fat percentage and hsCRP ........ 77
Fig 4.13 Relationship between BMI and hsCRP ................. 77
Fig 4.14 Relationship between body weight and hsCRP ......... 78
Fig 4.15 Relationship between waist circumference and hsCRP ... 78
Fig 4.16 Relationship between peak VO₂ and hsCRP .......... 79
Fig 4.17 Change in body weight between groups ................. 85
Fig 4.18 Change in BMI between groups .......................... 86
Fig 4.19 Change in fat percentage between groups .......... 87
Fig 4.20 Change in waist circumference between groups ....... 88
Fig 4.21 Change in peak VO₂ between groups .................. 90
