ACKNOWLEDGEMENTS

I express my sincere and profound gratitude to Dr. N. Subbarami Reddy, M.Sc., Ph.D., Lecturer in Polymer Science, Sri Krishnadevaraya University College, Anantapur for suggesting the problem, inspiring guidance and constant encouragement throughout the progress of the work.

I deem it a great pleasure to express my sincere heartfelt gratitude to Dr. B. Sanjeeva Rao, Junior Lecturer in Physics, Government Junior College, Yerraguntla, Kurnool for his invaluable suggestions and stimulating and enlightening discussions during the preparation of this dissertation.

I am grateful to Prof. A. Kameswara Rao, Member, Board of Management and Chairman, Board of Studies in Polymer Science, SK University; Dr. A. Varadarajulu, Reader in Polymer Science and Dr. S. Venkata Naidu, Reader and Head, Department of Polymer Science, SKU College, Anantapur for providing necessary facilities in the Department for successful completion of my research work. I am also thankful to Dr. K. Mohana Raju and Dr. K. Chowdoji Rao, Lecturers, Department of Polymer Science, SK University, for their cooperation and help rendered.

My special thanks are due to Dr. (Mrs.) N. Sobha Rani, Lecturer in Commerce, SK University, for her constant encouragement and valuable advices.
I express my gratitude to the Secretary, AP Residential Educational Institutions Society, Hyderabad and to the Principal, AP Residential School, Srisailam for permitting me to carry out the dissertation work.

I am also grateful to Dr. Rajendra Singh, Head, Division of Fruit Crops, IIHR, Hessaragatta, Bangalore, 560 089, for providing me the irradiation facilities.

I am thankful to my friends Mr. B.N. Vijaya Simha Reddy, Mr. V. Brahmananda Reddy, Mr. J. Lakshmikantha Reddy and Mr. A. Gopala Reddy for their cooperation and encouragement.

Lastly, Mr. V. Sahadevan receives a note of thanks for typing the dissertation neatly within short period.

Y. SUDARSANA REDDY
