ACKNOWLEDGEMENTS

I thank the almighty God for helping me out in completing my work through different people. I owe my sincere thanks to many people who have supported me and encouraged me to pursue the study of Electroanalytical Chemistry, during my doctoral studies.

I would like to thank my research Guide, Dr. H. Jayadevappa, for giving me an opportunity to complete doctoral studies in his research group. During the time of research he has given me scientific freedom, and opportunity to interact with top scientists.

I am immensely pleased to express my gratitude to my Co-Guide, Dr. B. S. Sherigara, Honorable Vice Chancellor, Kuvempu University, Shankaraghatta, for his invaluable, meticulous and untiring guidance during the course of my research work. I am extremely grateful to him for his generosity, confidence and proficient review of my work.

I would like to thank Dr. B. E. Kumara Swamy, for his valuable guidance and enlightenment to explore greater vistas in Chemistry, opportunities, to interact with scientists, his confidence in me, effective and proficient review of my work and particularly for the loving and caring concern.

I am thankful to Dr. H. S. Bhojya Naik, Chairman, Department of Industrial Chemistry, Kuvempu University, for his encouragement and timely advice. I am grateful to Prof. K. Vasantakumar Pai, BOS Chairman, for his valuable advice. I thank Dr. Y. D. Bodke, Dr. K. Venugopal Reddy and Dr. H. M. Vagdevi for their valuable suggestions.

I sincerely thank all the teaching staff of the Department of Chemistry, Kuvempu University, for their help and support during my research.
My heartful thanks to Analytical Chemistry Division, BARC, Mumbai, the library authorities of Kuvempu University and IISc., Bangalore

I express my profound gratitude to my beloved and respectful teacher, Prof. Bharathi Badami, Department of Chemistry, Karnataka University, Dharwar for her encouragement and good wishes.

I thank all the research scholars, Department of Industrial Chemistry and Chemistry for their whole hearted co-operation throughout my study. I would like to express my heartfelt thanks to the non-teaching staff of Kuvempu University for their help during the course of my research work.

I would like to extend my special thanks to my roommates Dr. Mallikarjuna Swamy, G. E. and Mr. Musturappa, T. E. for their support and encouragement inside and outside the lab during the course of research.

It is with great pleasure I remember my beloved parents, Mr. Sirigere Gurusiddappa Eshwarappa and Mrs. Bhagyamma Eshwarappa, my brother and sister for their incessant prayers, guidance, support, assistance, encouragement and good wishes, without which this work would not have been possible.

Mr. E. NiranjanA
