Acknowledgments

This scientific endeavor is the outcome of support and co-operation by teachers, friends and family members. I acknowledge my profound respect, obligations and heartiest gratitude to them.

It is a privilege and prestige to express sincere and heartfelt thanks to my research mentor Dr. Riaz Mahmood, a source who always inspires and encourages in the research work. I am very thankful to him for the patience, freedom and support given for my whole research that drove me to step ahead. I express my deepest gratitude for providing me an opportunity to work under his guidance.

It is my privilege to express my sense of gratitude and sincere thanks to Prof. V. Krishna and Prof. Y L Ramachandra, Department of Post Graduate Studies and Research in Biotechnology and Bioinformatics, Kuvempu University for their help and suggestions throughout the course of my research.

Special thanks to Mr. Santhosh Kumar H S, Assistant Professor, Department of Post Graduate Studies and Research in Biotechnology and Bioinformatics, Kuvempu University, for his support during the research work.

I present my heartfelt thanks to the faculty members Dr. Manjunatha H and Dr. Kumaraswamy H M, Department of Post Graduate Studies and Research in Biotechnology and Bioinformatics, Kuvempu University, for their encouragement and co-operation during the course of my research.

I would like to remember my friends Mr. Nagaraja D and Mr. Ravindranath B S for their fruitful suggestions. Discussions with them has helped me to complete my plan of research.

I would like to extend my thanks to Dr. Stan Watowich, Department of Biochemistry and Molecular Biology, The University of Texas Medical Branch at Galveston for providing a special permission for using the IBM's World Community Grid and the Texas Advanced Computing Center (TACC) to complete millions of docking calculations which added value to my research work.

Friends are like jewels in the life. I have always been fond of memories spent with my friends. I would also like to acknowledge the support and encouragement given by my friends Dr. Gnaresh AU, Dr. Santhosh K H, Mr. Shashi Kumar R, Mr. Arun Kumar A, Mr. Arunodaya H S, Mr. Girish Kumar K, Mr. Sunil Kumar K R, Mr. Raghu K L, Dr. Joy Hoskeri, Dr. Prashantha Karunakar, Mr. Sadik Ahmed, Harish H T and Ms. Jamuna K S.

It is my esteemed duty to reserve my regards to my research colleagues and friends Dr. Pradeep K, Mr. Venkatesh, Mr. Santhosh Kumar SR, Dr. Rajesh KP, Mr. Bharath K, Mr. Pavan Golappalli, Mr. Mir Haris, Mr. Haseeb Ur Rehman, Mr. Sudesh
Sastri, Mrs. Shilali Goutham, Ms. Rizwana Abid, Mrs. Deepa Kumar Swamy and Mrs. Nazneen Rahman for their co-operation and support during the period of my research.

I also would like to render my deep sense of gratitude to Dr. Goutam Chandra, Dr. Raja Naik H, Dr. Shankar Murthy K, Dr. Harish B G, Dr. Sharath R and Dr. Sujan Ganapathi P S, for their support and encouragement.

I would like to thank all the non-teaching staff of the Department of Biotechnology, Kuvempu University, particularly, Mr. Shankanna, Mr. Ranade, Mr. Chinnappa Mr. Basavaraj, Mr. Kantharaj, Mr. Manjunath, Mr. Indu Kumar and Mr. Narayan for their support.

I am thankful to the Research Scholars of Kuvempu University for creating a homely atmosphere and enjoyable moments in the campus during the stay.

I avail this opportunity to thank my senior school teacher Anuradha Nargundkar, for her continuing motivation and support since my school days.

I extend my sincere thanks to the creators of ‘Mendeley’, Mendeley Limited, United Kingdom for making available the wonderful reference manager, without which, I couldn’t manage with the contents of bibliography of this thesis.

I would like to mention summer research training program held by NRCBS, Madurai Kamaraj University, Madurai, Tamil Nadu. Attending this program not only enhanced my subject knowledge but also introduced my friends Dr. Girish C Math, Dr. Umadevi Subramanian, Dr Avinash Marwal and Mr. Dharmendra with them I cherish the pleasant memories of wonderful time spent at NRCBS.

A community I have born, a place I have raised, the culture I owe, the built I have and the blessings of my parents is a greatest inspiration and support for my research. I would like to thank my parents, uncles, aunts, brothers, sisters and cousins for their affection that served as a positive energy to complete the research work.

I would like to thank and acknowledge Shri. Dr. D. Veerendra Hegde for a small financial assistance when it was really needed.

Last but not least, all of my student friends and especially Mr. Ravi Kumar S, Naveen Kumar N, Ajith S, Girish P and Prakash P without whom this thesis would not have took its physical form. Their co-operation is also greatly acknowledged. I would also remember my friends at campus locality Satti anna, Asha, Jyothi, Loki, Bharath and Kiran with whom I spent many memories, who have really helped me in every aspects during my stay.

Any omission does not mean lack of gratitude and of course not deliberate.
