INDEX

CHAPTERS                        PAGE NUMBERS

CHAPTER – I
INTRODUCTION                    01 – 22
I.01 – Background
  Perspectives of Socio Economic Status
    Socio Economic Status in different Societies
    Socio Economic Status and Income
    Inborn and Acquired Status
    Socio-economic Status
I.02 – Emergence of the Problem
I.03 – Statement of the Problem
I.04 – Objectives of the Study
I.05 – Significance of the Research
I.06 – Hypothesis
I.07 – Delimitations
I.08 – Limitations
I.09 - Definitions of the Terms
I.10 - References

CHAPTER – II
REVIEW OF LITERATURE            23 – 48
References

CHAPTER – III
METHODOLOGY                    49 – 76
III.01 – Research Design
III.02 – The subject, Sample and Population
III.03 – Sources of Data
III.04 – Reliability of Data
    III.04.1 – Subjects Reliability
III.04.2 - Tester’s Reliability

III.05 – Variables Measured

III.06 – Criterion Measures and Tools used

III.07 – Description of Test
  III.07.1 – Description of Physical fitness test
  III.07.2 – Description of Motor fitness test

III.10 – Description of Academic achievement

III.11 – Checklist of equipment, Ground marking, Score sheets and test

III.12 – Procedure of Test Administration

III.13 – Statistical Techniques used

III.14 – References

LIST OF TABLES
III.01: A Day-wise Data Collection schedule for each college
III.02: Checklist of the Instruments

LIST OF FIGURES

III.01: Neuromuscular coordination Eye- hand coordination

CHAPTER – IV

ANALYSIS AND INTERPRETATION 77 – 119

IV.01 – Testing Statistical Properties of the Variables

CHAPTER – V

SUMMARY, CONCLUSIONS, RECOMMENDATIONS AND SUGGESTIONS 120 – 127

V.01 – Summary
V.02 – Major Findings
V.03 – Conclusions
V.04 – Recommendations
V.05 – Contribution to the Knowledge

APPENDIX 128 – 130

BIBLIOGRAPHY 131 – 172
